About This Benefit Booklet

Contract
This benefit booklet describes your rights and responsibilities under your group health plan. You and your covered dependents have the right to request a copy of this benefit booklet, at no cost to you, by contacting your employer or group sponsor.

Please note: Your employer or group sponsor has the authority to terminate, amend, or modify the coverage described in this benefit booklet at any time. Any amendment or modification will be in writing and will be as binding as this benefit booklet. If your contract is terminated, you may not receive benefits.

You should familiarize yourself with the entire booklet because it describes your benefits, payment obligations, provider networks, claim processes, and other rights and responsibilities.

This group health plan consists of medical benefits and prescription drug benefits. The medical benefits are called Blue Advantage. The prescription drug benefits are called Blue Rx Complete. This benefit booklet will indicate when the service, supply or drug is considered medical benefits or drug benefits by using sections, headings, and notes when necessary.

Charts
Some sections have charts, which provide a quick reference or summary but are not a complete description of all details about a topic. A particular chart may not describe some significant factors that would help determine your coverage, payments, or other responsibilities. It is important for you to look up details and not to rely only upon a chart. It is also important to follow any references to other parts of the booklet. (References tell you to “see” a section or subject heading, such as, “See Details – Covered and Not Covered.” References may also include a page number.)

Complete Information
Very often, complete information on a subject requires you to consult more than one section of the booklet. For instance, most information on coverage will be found in these sections:

- At a Glance – Covered and Not Covered
- Details – Covered and Not Covered
- General Conditions of Coverage, Exclusions, and Limitations

However, coverage might be affected also by your choice of provider (information in the Choosing a Provider section), certain notification requirements if applicable to your group health plan (the Notification Requirements and Care Coordination section), and considerations of eligibility (the Coverage Eligibility and Effective Date section).

Even if a service is listed as covered, benefits might not be available in certain situations, and even if a service is not specifically described as being excluded, it might not be covered.

Read Thoroughly
You can use your group health plan to the best advantage by learning how this document is organized and how sections are related to each other. And whenever you look up a particular topic, follow any references, and read thoroughly.
Your coverage includes many services, treatments, supplies, devices, and drugs. Throughout the benefit booklet, the words services or supplies refer to any services, treatments, supplies, devices, or drugs, as applicable in the context, that may be used to diagnose or treat a condition.

**Grandfathered Health Plan Status**

This group health plan was in effect on March 23, 2010 and is being categorized as a “grandfathered health plan” under the Patient Protection and Affordable Care Act (the “Affordable Care Act”).

As permitted under the Affordable Care Act, a grandfathered health plan can preserve certain basic health coverage that was already in effect when the law was enacted and does not have to include certain consumer protections that apply to non-grandfathered health plans, such as coverage of preventive health services without any cost-sharing obligation. (Certain other consumer protections such as the elimination of lifetime limits on benefits apply to all group health plans, regardless of their status as a grandfathered health plan.)

For questions regarding which consumer protections apply to a grandfathered health plan and what might cause a plan to change from grandfathered health plan status contact your employer or group sponsor.

You may also contact the U.S. Department of Health and Human Services (HHS) at [www.hhs.gov](http://www.hhs.gov).

**Questions**

If you have questions about your group health plan, or are unsure whether a particular service or supply is covered, call the Customer Service number on your ID card.

Emergency Room Copayment.
The emergency room copayment:
- applies to emergency room services.

Office Visit Copayment.
The office visit copayment:
- applies to covered office services.
What You Pay

- is taken once per practitioner per date of service.

The office visit copayment does not apply to:

- prosthetic devices.

These services are subject to coinsurance and not this copayment.

**Other Copayment.**

- is taken once per provider per date of service.

Copayment amount(s) are waived for some services. See *Waived Payment Obligations* later in this section.

**Coinsurance**

Coinsurance is an amount you pay for certain covered services. Coinsurance is calculated by multiplying the fixed percentage(s) shown earlier in this section by either Wellmark’s payment arrangement amount or by the amount charged for a service. The calculation method differs depending on the contracting status of the provider and/or the state where you receive services. For details, see *How Coinsurance is Calculated*, page 45.

Coinsurance applies to the following services:

- Dental treatment for accidental injury.
- Home/durable medical equipment.
- Medical supplies (excluding oxygen and equipment required to administer oxygen).
- Prosthetic devices.

Coinsurance amounts are waived for some services. See *Waived Payment Obligations* later in this section.

**Out-of-Pocket Maximum**

The out-of-pocket maximum is the maximum amount you pay, out of your pocket, for most covered services in a benefit year. Many amounts you pay for covered services during a benefit year accumulate toward the out-of-pocket maximum. These amounts include:

- Coinsurance.
- Copayments.

The family out-of-pocket maximum is reached from applicable amounts paid on behalf of any combination of covered family members.

However, certain amounts do not apply toward your out-of-pocket maximum.

- Amounts representing any general exclusions and conditions. See *General Conditions of Coverage, Exclusions, and Limitations*, page 29.

These amounts continue even after you have met your out-of-pocket maximum.

**Benefits Maximums**

Benefits maximums are the maximum benefit amounts that each member is eligible to receive.

Benefits maximums are accumulated from benefits under this medical benefits plan and prior medical benefits plans sponsored by the State of Iowa and administered by Wellmark Health Plan of Iowa, Inc.

Your coverage provides benefits for many services and supplies. There are also services for which this coverage does not provide benefits. The following chart is provided for your convenience as a quick reference only. This chart is not intended to be and does not constitute a complete description of all coverage details and factors that determine whether a service is covered or not. All covered services are subject to the contract terms and conditions contained throughout this benefit booklet. Many of these terms and conditions are contained in *Details – Covered and Not Covered*, page 11. To fully understand which services are covered and which are not, you must become familiar with this entire benefit booklet. Please call us if you are unsure whether a particular service is covered or not.

The headings in this chart provide the following information:

**Category.** Service categories are listed alphabetically and are repeated, with additional detailed information, in *Details – Covered and Not Covered*.

**Covered.** The listed category is generally covered, but some restrictions may apply.

**Not Covered.** The listed category is generally not covered.

**See Page.** This column lists the page number in *Details – Covered and Not Covered* where there is further information about the category.

Drugs that are Covered

The Wellmark Blue Rx Complete Drug List
The Wellmark Blue Rx Complete Drug List is a reference list that includes generic and brand-name prescription drugs that have been approved by the U.S. Food and Drug Administration (FDA) and are covered under your Blue Rx Complete prescription drug benefits. The Drug List is updated on a quarterly basis, or when new drugs become available, and as discontinued drugs are removed from the marketplace.

To determine if a drug is covered, you must consult the Wellmark Blue Rx Complete Drug List. You are covered for drugs listed on the Wellmark Blue Rx Complete Drug List. If a drug is not on the Wellmark Blue Rx Complete Drug List, it is not covered.

If you need help determining if a particular drug is on the Drug List, ask your physician or pharmacist, visit our website, Wellmark.com, or call the Customer Service number on your ID card and request a copy of the Drug List.

New drugs will not be added to the Drug List until they have been evaluated by Wellmark. We will periodically update the list to reflect these evaluations and to reflect the changing drug market in general. Revisions to the list will be distributed to providers who participate with Wellmark, and pharmacies that participate with the network used by this prescription drug plan.

The Drug List is subject to change.

Specialty Drugs
Specialty drugs are high-cost injectable, infused, oral, or inhaled drugs typically used for treating or managing chronic illnesses. These drugs often require special handling (e.g., refrigeration) and administration. They are not available through the mail order drug program.

Specialty drugs may be covered under your Blue Rx Complete prescription drug benefits or under your medical benefits. To determine whether a particular specialty drug is covered under your Blue Rx Complete prescription drug benefits or under your medical benefits, consult the Wellmark Blue Rx Complete Drug List at Wellmark.com, check with your pharmacist.
or physician, or call the Customer Service number on your ID card.

**Where to Purchase Prescription Drugs**

**Participating Pharmacies.** You must purchase prescription drugs from participating pharmacies.

If you purchase drugs from nonparticipating pharmacies, you are responsible for the entire cost of the drug. To determine if a pharmacy is participating, ask the pharmacist, consult the Blue Rx directory of participating pharmacies, visit our website at Wellmark.com, or call the Customer Service number on your ID card. Our Blue Rx directory also is available upon request by calling the Customer Service number on your ID card.

**Limits on Prescription Drug Coverage**

We may exclude, discontinue, or limit coverage for any drug by removing it from the Drug List or by moving a drug to a different tier on the Drug List for any of the following reasons:

- New drugs are developed.
- Generic drugs become available.
- Over-the-counter drugs with similar properties become available or a drug’s active ingredient is available in a similar strength in an over-the-counter product or as a nutritional or dietary supplement product available over the counter.
- There is a sound medical reason.
- Scientific evidence does not show that a drug works as well and is as safe as other drugs used to treat the same or similar conditions.
- A drug receives FDA approval for a new use.

**Drugs that are Not Covered**

Drugs and items that are not covered under your prescription drug benefits include but are not limited to:

- Drugs not listed on the Wellmark Blue Rx Complete Drug List.
- Drugs purchased from nonparticipating pharmacies.
- Drugs in excess of a quantity limitation. See *Quantity Limitations* later in this section.
- Drugs that are not FDA approved.
- Experimental or investigational drugs.
- Compounded drugs that do not contain an active ingredient in a form that has been approved by the FDA and that require a prescription to obtain.
- Compounded drugs that contain bulk powders or that are commercially available as a similar prescription drug.
- Drugs determined to be abused or otherwise misused by you.
- Drugs that are lost, damaged, stolen, or used inappropriately.
- Contraceptive medical devices, such as intrauterine devices and diaphragms. These are covered under your medical benefits. See *Contraceptives*, page 12.
- Convenience packaging. If the cost of the convenience packaged drug exceeds what the drug would cost if purchased in its normal container, the convenience packaged drug is not covered.
- Cosmetic drugs.
- Irrigation solutions and supplies.
- Therapeutic devices or medical appliances.
- Infertility drugs.
- Tobacco dependency drugs.
- Weight reduction drugs.

Prescriptions Purchased from Nonparticipating Pharmacies
You are eligible for benefits for prescription drugs purchased from nonparticipating pharmacies only in emergency situations.
In an emergency situation, if you cannot reasonably reach a participating pharmacy, covered drugs will be reimbursed as though they were purchased from a participating pharmacy. However, because nonparticipating pharmacies do not participate with the network used by this prescription drug benefits plan and therefore may not accept our payment arrangements, you are responsible for any difference between the amount charged and our amount paid for a covered drug.

Prescription Purchases Outside the United States
To qualify for benefits for prescription drugs purchased outside the United States, all of the following requirements must be met:

- You are injured or become ill while in a foreign country.
- The prescription drug's active ingredient and dosage form are FDA-approved or an FDA equivalent and has the same name and dosage form as the FDA-approved drug's active ingredient.
- The prescription drug would require a written prescription by a licensed practitioner if prescribed in the U.S.
- You provide acceptable documentation that you received a covered service from a practitioner or hospital and the practitioner or hospital prescribed the prescription drug.

Quantity Limitations
Most prescription drugs are limited to a maximum quantity you may receive in a single prescription.

Federal regulations limit the quantity that may be dispensed for certain medications. If your prescription is so regulated, it may not be available in the amount prescribed by your physician.

In addition, coverage for certain drugs is limited to specific quantities per month, benefit year, or lifetime. Amounts in excess of quantity limitations are not covered.

For a list of drugs with quantity limits, check with your pharmacist or physician, consult the Wellmark Blue Rx Complete Drug List at Wellmark.com, or call the Customer Service number on your ID card.

Refills
To qualify for refill benefits, all of the following requirements must be met:

- Sufficient time has elapsed since the last prescription was written. Sufficient time means that at least 75 percent of the medication has been taken according to the instructions given by the practitioner. For retirees, sufficient time means at least 60 percent of the medication has been taken according to the instructions given by the practitioner.
- The refill is not to replace medications that have been lost, damaged, stolen, or used inappropriately.
- The refill is for use by the person for whom the prescription is written (and not someone else).
- The refill does not exceed the amount authorized by your practitioner.
- The refill is not limited by state law.

You are allowed one early refill per medication per calendar year if you will be away from home for an extended period of time.

If traveling within the United States, the refill amount will be subject to any applicable quantity limits under this coverage. If traveling outside the United States, the refill amount will not exceed a 90-day supply.

To receive authorization for an early refill, ask your pharmacist to call us.
4. **General Conditions of Coverage, Exclusions, and Limitations**

The provisions in this section describe general conditions of coverage and important exclusions and limitations that apply generally to all types of services or supplies.

**Conditions of Coverage**

**Medically Necessary**
A key general condition in order for you to receive benefits is that the service, supply, device, or drug must be medically necessary. Even a service, supply, device, or drug listed as otherwise covered in **Details - Covered and Not Covered** may be excluded if it is not medically necessary in the circumstances. Unless otherwise required by law, Wellmark determines whether a service, supply, device, or drug is medically necessary, and that decision is final and conclusive. Even though a provider may recommend a service or supply, it may not be medically necessary.

A medically necessary health care service is one that a provider, exercising prudent clinical judgment, provides to a patient for the purpose of preventing, evaluating, diagnosing or treating an illness, injury, disease or its symptoms, and is:

- Provided in accordance with generally accepted standards of medical practice. Generally accepted standards of medical practice are based on:
  - Credible scientific evidence published in peer-reviewed medical literature generally recognized by the relevant medical community;
  - Physician Specialty Society recommendations and the views of physicians practicing in the relevant clinical area; and
  - Any other relevant factors.
- Clinically appropriate in terms of type, frequency, extent, site and duration, and considered effective for the patient’s illness, injury or disease.
- Not provided primarily for the convenience of the patient, physician, or other health care provider, and not more costly than an alternative service or sequence of services at least as likely to produce equivalent therapeutic or diagnostic results as to the diagnosis or treatment of the illness, injury or disease.

An alternative service, supply, device, or drug may meet the criteria of medical necessity for a specific condition. If alternatives are substantially equal in clinical effectiveness and use similar therapeutic agents or regimens, we reserve the right to approve the least costly alternative.

If you receive services that are not medically necessary, you are responsible for the cost if:

- You receive the services from a nonparticipating provider; or
- You receive the services from a Network or participating provider and:
  - The provider informs you in writing before rendering the services that Wellmark determined the services to be not medically necessary; and
  - The provider gives you a written estimate of the cost for such services and you agree in writing, before receiving the services, to assume the payment responsibility.

If you do not receive such a written notice, and do not agree in writing to assume the payment responsibility for services that Wellmark determined are not medically necessary, the Network or participating provider is responsible for these amounts.
You are also responsible for the cost if you receive services from a provider outside of the Network that Wellmark determines to be not medically necessary. This is true even if the provider does not give you any written notice before the services are rendered.

**Member Eligibility**
Another general condition of coverage is that the person who receives services must meet requirements for member eligibility. See *Coverage Eligibility and Effective Date*, page 51.

**General Exclusions**
Even if a service, supply, device, or drug is listed as otherwise covered in *Details - Covered and Not Covered*, it is not eligible for benefits if any of the following general exclusions apply.

**Investigational or Experimental**
You are not covered for a service, supply, device, or drug that is investigational or experimental. A treatment is considered investigational or experimental when it has progressed to limited human application but has not achieved recognition as being proven effective in clinical medicine.

To determine investigational or experimental status, we may refer to the technical criteria established by the Blue Cross and Blue Shield Association, including whether a service, supply, device, or drug meets these criteria:

- It has final approval from the appropriate governmental regulatory bodies.
- The scientific evidence must permit conclusions concerning its effect on health outcomes.
- It improves the net health outcome.
- It is as beneficial as any established alternatives.
- The health improvement is attainable outside the investigational setting.

These criteria are considered by the Blue Cross and Blue Shield Association’s Medical Advisory Panel for consideration by all Blue Cross and Blue Shield member organizations. While we may rely on these criteria, the final decision remains at the discretion of our Medical Director, whose decision may include reference to, but is not controlled by, policies or decisions of other Blue Cross and Blue Shield member organizations. You may access our medical policies, with supporting information and selected medical references for a specific service, supply, device, or drug through our website, *Wellmark.com*.

If you receive services that are investigational or experimental, you are responsible for the cost if:

- You receive the services from a nonparticipating provider; or
- You receive the services from a Network or participating provider and:
  - The provider informs you in writing before rendering the services that Wellmark determined the services to be investigational or experimental; and
  - The provider gives you a written estimate of the cost for such services and you agree in writing, before receiving the services, to assume the payment responsibility.

If you do not receive such a written notice, and do not agree in writing to assume the payment responsibility for services that Wellmark determined to be investigational or experimental, the Network or participating provider is responsible for these amounts.

You are also responsible for the cost if you receive services from a provider outside of the Network that Wellmark determines to be investigational or experimental. This is true even if the provider does not give you any written notice before the services are rendered.
Complications of a Noncovered Service
You are not covered for a complication resulting from a noncovered service, supply, device, or drug. However, this exclusion does not apply to the treatment of complications resulting from:

- Smallpox vaccinations when payment for such treatment is not available through workers' compensation or government-sponsored programs; or
- A noncovered abortion.

Nonmedical Services
You are not covered for telephone consultations, charges for missed appointments, charges for completion of any form, or charges for information.

Personal Convenience Items
You are not covered for items used for your personal convenience, such as:

- Items not primarily and customarily manufactured to serve a medical purpose or which can be used in the absence of illness or injury (including, but not limited to, air conditioners, dehumidifiers, ramps, home remodeling, hot tubs, swimming pools); or
- Items that do not serve a medical purpose or are not needed to serve a medical purpose.

Provider Is Family Member
You are not covered for a service or supply received from a provider who is in your immediate family (which includes yourself, parent, child, or spouse or domestic partner).

Covered by Other Programs or Laws
You are not covered for a service, supply, device, or drug if:

- You are entitled to claim benefits from a governmental program (other than Medicaid).
- Someone else has the legal obligation to pay for services or without this group health plan, you would not be charged.

- You require services or supplies for an illness or injury sustained while on active military status.

Workers' Compensation
You are not covered for services or supplies that are compensated under workers' compensation laws, including services or supplies applied toward satisfaction of any deductible under your employer's workers' compensation coverage. You are also not covered for any services or supplies that could have been compensated under workers' compensation laws if you had complied with the legal requirements relating to notice of injury, timely filing of claims, and medical treatment authorization.

For treatment of complications resulting from smallpox vaccinations, see Complications of a Noncovered Service earlier in this section.

Benefit Limitations
Benefit limitations refer to amounts for which you are responsible under this group health plan. These amounts are not credited toward your out-of-pocket maximum. In addition to the exclusions and conditions described earlier, the following are examples of benefit limitations under this group health plan:

- A service or supply that is not covered under this group health plan is your responsibility.
- If a covered service or supply reaches a benefit maximum, it is no longer eligible for benefits. (A maximum may renew at the next benefit year.) See Details – Covered and Not Covered, page 11.
- If you receive benefits that reach a lifetime benefits maximum applicable to any specific service, then you are no longer eligible for benefits for that service under this group health plan. See Benefits Maximums, page 5, and At a Glance–Covered and Not Covered, page 7.
If you do not obtain precertification for certain medical services, benefits can be reduced or denied. You are responsible for benefit reductions if you receive the services from a nonparticipating provider. You are responsible for benefit denials only if you are responsible (not your provider) for notification. A Network provider in the Wellmark Health Plan Network will handle notification requirements for you. If you see a provider outside the Wellmark Health Plan Network, you are responsible for notification requirements. See Notification Requirements and Care Coordination, page 39.

If you do not obtain prior approval for certain medical services, benefits will be denied on the basis that you did not obtain prior approval. Upon receiving an Explanation of Benefits (EOB) indicating a denial of benefits for failure to request prior approval, you will have the opportunity to appeal (see the Appeals section) and provide us with medical information for our consideration in determining whether the services were medically necessary and a benefit under your medical benefits. Upon review, if we determine the service was medically necessary and a benefit under your medical benefits, benefits for that service will be provided according to the terms of your medical benefits.

You are responsible for these benefit denials only if you are responsible (not your provider) for notification. A Network provider in the Wellmark Health Plan Network will handle notification requirements for you. If you see a provider outside the Wellmark Health Plan Network, you are responsible for notification requirements. See Notification Requirements and Care Coordination, page 39.

If you do not obtain prior authorization for certain prescription drugs, benefits can be reduced or denied. See Notification Requirements and Care Coordination, page 39.

The type of provider you choose can affect your benefits and what you pay. See Choosing a Provider, page 33, and Factors Affecting What You Pay, page 45. Examples of charges that depend on the type of provider include but are not limited to:

— Any difference between the provider’s amount charged and our amount paid is your responsibility if you receive services from a nonparticipating practitioner.
5. Choosing a Provider

Blue Advantage

Your medical benefits are called Blue Advantage.

Providers who participate with the network utilized by these medical benefits are called Primary Care Providers (PCPs) and Wellmark Health Plan Network providers. See Primary Care Providers later in this section.

Providers who do not participate with the network utilized by these medical benefits are called nonparticipating providers.

With Blue Advantage, it is usually to your advantage to visit your primary care provider (PCP) for most covered services. If your PCP is unable to diagnose or treat your condition, he or she may refer you to another Network provider. Generally, benefits are available only when received from PCP or Network providers.

To determine if a provider participates with your medical benefits, ask your provider, refer to our online provider directory at Wellmark.com, or call the Customer Service number on your ID card.

Providers are independent contractors and are not agents or employees of Wellmark Health Plan of Iowa, Inc. For types of providers that may be covered under your medical benefits, see Hospitals and Facilities, page 16 and Physicians and Practitioners, page 21.

Please note: Even though a facility may be a Wellmark Health Plan Network facility, particular providers within the facility may not be Wellmark Health Plan Network providers. Examples include nonparticipating physicians on the staff of a Network hospital, home medical equipment suppliers, and other independent providers. Therefore, when you are referred by a Wellmark Health Plan Network provider to another provider, or when you are admitted into a facility, always ask if the providers are Wellmark Health Plan Network providers.

Always carry your ID card and present it when you receive services. Information on it, especially the ID number, is required to process your claims correctly.

Pharmacies do not participate with Blue Advantage. Pharmacies typically do not provide services and supplies considered medical benefits under the plan, and are not considered participating providers for such benefits. See Choosing a Pharmacy and Specialty Pharmacy Program later in this section.

Primary Care Provider (PCP)

Your primary care provider evaluates your medical condition and either treats your condition or coordinates services you require. You must choose a primary care provider (PCP) from the Network. You have the right to choose any PCP who participates in our Network and who is available to accept you or your covered family members.

All covered family members must select a PCP for claims to be paid, including covered family members who live outside the network area (for example, college students). Each member may choose his or her own primary care provider. For a covered child, you may choose a pediatrician as the PCP.

If your PCP is not available, he or she will designate a backup provider.

If your PCP leaves the Network, you will be notified and required to choose another PCP.

For information on how to select a PCP or for a list of participating PCPs, call the Customer Service number on your ID card or visit our website, Wellmark.com.
Changing Your PCP. If you or a covered family member decides to switch to a different PCP or OB/GYN, submit a change form, or call the Customer Service number on your ID card. Changes will be in effect by the first day of the month following receipt of your request.

Obstetrical/Gynecological (OB/GYN) Services. Female members may receive gynecological services from their PCP or choose an obstetrical/gynecological (OB/GYN) care provider from the Network.

You do not need consent from us or a PCP in order to obtain obstetrical or gynecological services from a Network practitioner who specializes in obstetrics or gynecology. However, the practitioner may be required to comply with certain procedures, such as obtaining prior approval or precertification for certain services, following a case management plan, or procedures for making referrals.

When you need gynecological care, you may either contact your PCP or your selected OB/GYN care provider and receive benefits.

For a list of Network practitioners who specialize in obstetrics or gynecology, call the Customer Service number on your ID card or visit our website, Wellmark.com.

Preventive Care

Generally, when you need preventive care, you must receive services from your PCP or your selected OB/GYN care provider to receive benefits. Most preventive care received from a provider other than your PCP or your selected OB/GYN care provider is not covered, with certain exceptions:

Immunizations. You may receive covered immunizations from any covered provider, including Network Public Health Agencies, Network Visiting Nurse Associations, and Network specialists.

Preventive Gynecological Examination. You may receive your preventive gynecological examination from your selected OB/GYN.

Vision Examinations
You may receive vision examinations from a Network optometrist or Network ophthalmologist.

Referrals
If you require services from a specialist, you may see a provider in the Network. If you require services that are not available from a specialist within the Network, you will be referred to a provider outside the Network who has expertise in diagnosing and treating your condition. Wellmark must approve out-of-Network referrals before you receive services or the services will not be covered. Please note: Even when your out-of-Network referral is approved, you are still responsible for complying with notification requirements. See Notification Requirements and Care Coordination, page 39.

Services Outside the Wellmark Health Plan Network
You are eligible for benefits for covered services received from out-of-Network providers (nonparticipating providers, including out-of-country providers) only in the following situations:

- Accidental Injuries.
- Emergencies.

When you receive covered services for emergency medical conditions from out-of-Network providers, all of the following statements are true:

- Out-of-Network providers are not responsible for filing your claims.
- We do not have contracts with out-of-Network providers and they may not agree to accept our payment arrangements. Therefore, you are responsible for any difference between the amount charged and our payment.
- We make claims payments to you, not out-of-Network providers.
Choosing a Provider

- You are responsible for notification requirements.

See Nonparticipating Providers, page 46.

- **Continuity of Care.** You may be eligible to continue care from an out-of-Network provider for treatment of a terminal illness, a complex medical condition, or during the second or third trimester of pregnancy if:
  - You had been receiving care for the condition from a Wellmark Health Plan Network provider but the provider’s contract with us terminates; or
  - You were previously covered by a different carrier or plan and had been receiving care for the condition from an out-of-Network provider when you begin coverage under your medical benefits.

If either situation applies, you may continue out-of-Network treatment as follows:

- Terminal illness (as determined by the provider): for 90 days after the provider’s contract terminates or the patient begins coverage with Wellmark while under the care of an out-of-Network provider for treatment of the terminal illness, whichever applies.

- Complex medical condition: for a time period or benefit maximum determined by medical management. You or your provider must notify us before receiving services under these medical benefits, and the medical condition must warrant continued treatment by the out-of-Network provider.

- Pregnancy in second or third trimester: through postpartum care related to the childbirth and delivery.

To assist you in making a transition to a Wellmark Health Plan Network provider, you or your provider must call us at **800-552-3993**.

- **Out of Network Referrals.** See Referrals earlier in this section.

- **Urgent Care.**

**Guest Membership.** Members traveling long-term, any covered dependents attending college out of state, or covered family members living apart are eligible to become a guest member any time they are outside the Wellmark Health Plan Network area for at least 90 days. Not all services covered under your medical benefits are covered under Guest Membership. To determine which services are covered under the Guest Membership program, call us.

Before you leave the Wellmark Health Plan Network area, call the Customer Service number on your ID card to set up a guest membership.

**Laboratory services.** You may have laboratory specimens or samples collected by a Network provider and those laboratory specimens may be sent to another laboratory services provider for processing or testing. If that laboratory services provider does not have a contractual relationship with the Blue Plan where the specimen was drawn, the service will not be covered and you will be responsible for the entire amount charged.

**Home/durable medical equipment.** If you purchase or rent home/durable medical equipment from a provider that does not have a contractual relationship with the Blue Plan where you purchased or rented the equipment, the service will not be covered and you will be responsible for the entire amount charged. If you purchase or rent home/durable medical equipment and have that equipment shipped to a service area of a Blue Plan that does not have a contractual relationship with the home/durable medical equipment provider, the service will not be covered and you will be responsible for the entire amount charged. This includes
Choosing a Provider

situations where you purchase or rent home/durable medical equipment and have the equipment shipped to you in the Wellmark Health Plan Network, when Wellmark does not have a contractual relationship with the home/durable medical equipment provider.

**Prosthetic devices.** If you purchase prosthetic devices from a provider that does not have a contractual relationship with the Blue Plan where you purchased the prosthetic devices, the service will not be covered and you will be responsible for the entire amount charged.

If you purchase prosthetic devices and have that equipment shipped to a service area of a Blue Plan that does not have a contractual relationship with the provider, the service will not be covered and you will be responsible for the entire amount charged. This includes situations where you purchase prosthetic devices and have them shipped to you in the Wellmark Health Plan Network, when Wellmark does not have a contractual relationship with the provider.

**Talk to your provider.** Whenever possible, before receiving laboratory services, home/durable medical equipment, or prosthetic devices, ask your provider to utilize a provider that has a contractual arrangement with the Blue Plan where you received services, purchased or rented equipment, or shipped equipment, or ask your provider to utilize a provider that has a contractual arrangement with Wellmark.

To determine if a provider has a contractual arrangement with a particular Blue Plan or with Wellmark, call the Customer Service number on your ID card or visit our website, Wellmark.com.

See *Nonparticipating Providers*, page 46.

**BlueCard Program.** Wellmark Health Plan of Iowa, Inc., is an affiliate of Wellmark Blue Cross and Blue Shield of Iowa, independent licensees of the Blue Cross and Blue Shield Association. We have relationships with other Blue Cross and/or Blue Shield Plans. These relationships are generally referred to as Inter-Plan Programs. Whenever you obtain services outside the Wellmark Health Plan Network, the claims for these services may be processed through one of these Inter-Plan Programs, which include the BlueCard Program. These programs ensure that members of any Blue Plan have access to the advantages of participating providers throughout the United States. Participating providers have a contractual arrangement with the Blue Cross or Blue Shield Plan in their home state (“Host Blue”). The Host Blue is responsible for contracting with and generally handling all interactions with its participating providers.

The BlueCard Program is one of the advantages of your coverage with Wellmark Health Plan of Iowa, Inc. It provides conveniences and benefits outside the Wellmark Health Plan Network area for emergency care or accidental injury similar to those you would have in the Wellmark Health Plan Network area when you obtain covered medical services from a Network provider. Always carry your ID card (or BlueCard) and present it to your provider when you receive care. Information on it, especially the ID number, is required to process your claims correctly.

In an emergency situation, seek care at the nearest hospital emergency room. Whenever possible, before receiving services outside the Wellmark Health Plan Network, you should always ask the provider if he or she participates with a Blue Cross and/or Blue Shield Plan in that state. To locate BlueCard providers in any state, call 800-810-BLUE, or visit www.bcbs.com.

When you receive covered services from BlueCard providers outside the Wellmark Health Plan Network, all of the following statements are true:

- Claims are filed for you.
- These providers agree to accept payment arrangements or negotiated prices of the Blue Cross and/or Blue Shield Plan with which the provider contracts. These
Choosing a Provider

Payment arrangements may result in savings.
- The health plan payment is sent directly to the providers.

Typically, when you receive covered services from BlueCard providers outside the Wellmark Health Plan Network, you are responsible for notification requirements. See Notification Requirements and Care Coordination, page 39. However, if you are admitted to a BlueCard facility outside the

Wellmark Health Plan Network, any BlueCard provider will handle notification requirements for you.

Care in a Foreign Country
For covered services you receive in a country other than the United States, payment level assumes the provider category is nonparticipating except for services received from providers that participate with BlueCard Worldwide.

Blue Rx Complete

Choose a Participating Pharmacy
Your prescription drug benefits are called Blue Rx Complete. Pharmacies that participate with the network used by Blue Rx Complete are called participating pharmacies. Pharmacies that do not participate with the network are called nonparticipating pharmacies. Benefits for covered drugs are generally available only when received from participating pharmacies except in emergency situations.

To determine if a pharmacy is participating, ask the pharmacist, consult the Blue Rx directory of participating pharmacies, visit our website at Wellmark.com, or call the Customer Service number on your ID card. Our Blue Rx directory also is available upon request by calling the Customer Service number on your ID card.

Nonparticipating Pharmacies
- Prescription drugs purchased from nonparticipating pharmacies are covered only in emergency situations.
- In an emergency situation, if you cannot reasonably reach a participating pharmacy, covered drugs will be reimbursed as though they were purchased from a participating pharmacy. However, because nonparticipating pharmacies do not participate with the network used by this prescription drug benefits plan and therefore may not accept our payment arrangements, you are responsible for any difference between the amount charged and our amount paid for a covered drug.

Always Present Your ID Card
If you do not have your ID card with you when you fill a prescription at a participating pharmacy, the pharmacist may not be able to access your benefit information. In this case:
- You must pay the full amount charged at the time you receive your prescription, and the amount we reimburse you may be less than what you paid. You are responsible for this difference.
- You must file your claim to be reimbursed. See Claims, page 59.

Specialty Pharmacy Program
Specialty drugs are often unavailable from ordinary retail pharmacies. Specialty pharmacies deliver specialty drugs directly to your home or to your physician’s office. You must purchase specialty drugs through a participating pharmacy or through the specialty pharmacy program. You must register as a specialty pharmacy program user in order to fill your prescriptions through the specialty pharmacy program. For information on how to register, call the Customer Service number on your ID card or visit our website at Wellmark.com.
Choosing a Provider

You are not covered for specialty drugs purchased from nonparticipating pharmacies.

The specialty pharmacy program administers the distribution of specialty drugs to the home and to physicians' offices.

When you fill your prescription through the specialty pharmacy program, you will usually pay less than if you use a pharmacy outside the specialty pharmacy program. For specialty drug purchases, pharmacies outside the specialty pharmacy program are considered nonparticipating pharmacies. When you purchase covered drugs from nonparticipating pharmacies, you will usually pay more.

When you purchase covered drugs from nonparticipating pharmacies you are responsible for the amount charged for the drug at the time you fill your prescription, and then you must file a claim to be reimbursed. Once you submit a claim, you will be reimbursed up to the maximum allowable fee of the drug, less your payment obligation. The maximum allowable fee may be less than the amount you paid. In other words, you are responsible for any difference in cost between what the pharmacy charges you for the drug and our reimbursement amount.

**Mail Order Drug Program**

You must purchase mail order drugs through the mail order drug program. You are not covered for mail order drugs purchased outside the mail order drug program.

You must register as a mail service user in order to fill your prescriptions through the mail order drug program. For information on how to register, visit our website, *Wellmark.com*, or call the Customer Service number on your ID card.

Mail order pharmacy providers outside our mail order program are considered nonparticipating pharmacies. You are not covered for drugs purchased from nonparticipating mail order pharmacies.

See *Participating vs. Nonparticipating Pharmacies*, page 49.
6. Notification Requirements and Care Coordination

Blue Advantage

Many services require a notification to us or a review by us. If you do not follow notification requirements properly, you may have to pay for services yourself, so the information in this section is critical. For a complete list of services subject to notification or review, visit Wellmark.com or call the Customer Service number on your ID card.

BlueCard Providers and Notification Requirements
Typically, only BlueCard providers in the Wellmark Health Plan Network handle notification requirements for you. However, if you are admitted to a BlueCard facility outside the Wellmark Health Plan Network, any BlueCard provider will handle notification requirements for you.

If you receive any other covered services (i.e., services unrelated to an inpatient admission) from a BlueCard provider outside the Wellmark Health Plan Network, you or someone acting on your behalf are responsible for notification requirements.

More than one of the notification requirements and care coordination programs described in this section may apply to a service. Any notification or care coordination decision is based on the medical benefits in effect at the time of your request. If your coverage changes for any reason, you may be required to repeat the notification process.

You or your authorized representative, if you have designated one, may appeal a denial or reduction of benefits resulting from these notification requirements and care coordination programs. See Appeals, page 69. Also see Authorized Representative, page 73.

**Process**

When you, instead of your provider, are responsible for precertification, call the phone number on your ID card before receiving services.

Wellmark will respond to a precertification request within:

- 72 hours in a medically urgent situation;
- 15 days in a non-medically urgent situation.

Precertification requests must include supporting clinical information to determine medical necessity of the service or admission.

After you receive the service(s), Wellmark may review the related medical records to confirm the records document the services subject to the approved precertification request. The medical records also must support the level of service billed and document that the services have been provided by the appropriate personnel with the appropriate level of supervision.

**Notification**

**Purpose**

Notification of most facility admissions and certain services helps us identify and initiate discharge planning or care coordination. Notification is required.

**Applies to**

For a complete list of the services subject to notification, visit Wellmark.com or call the Customer Service number on your ID card.

**Person Responsible**

Wellmark Health Plan Network providers perform notification for you. However, you or someone acting on your behalf are responsible for notification if:

- You receive services subject to notification from a nonparticipating provider.

**Process**

When you, instead of your provider, are responsible for notification, call the phone number on your ID card before receiving services, except when you are unable to do so due to a medical emergency. In the case of an emergency admission, you must notify us within one business day of the admission or the receipt of services.

**Prior Approval**

**Purpose**

Prior approval helps determine whether a proposed treatment plan is medically necessary and a benefit under your medical benefits. Prior approval is required.

**Applies to**

For a complete list of the services subject to prior approval, visit Wellmark.com or call the Customer Service number on your ID card.

**Person Responsible**

Wellmark Health Plan Network Providers request prior approval for you. However, you or someone acting on your behalf are responsible for prior approval if:

- You are admitted to a facility outside Iowa;
- You receive services subject to prior approval from a nonparticipating provider.
Process

When you, instead of your provider, are responsible for requesting prior approval, call the number on your ID card to obtain a prior approval form and ask the provider to help you complete the form.

Wellmark will determine whether the requested service is medically necessary and eligible for benefits based on the written information submitted to us. We will respond to a prior approval request in writing to you and your provider within:

- 72 hours in a medically urgent situation.
- 15 days in a non-medically urgent situation.

Prior approval requests must include supporting clinical information to determine medical necessity of the services or supplies.

Importance

If your request is approved, the service is covered provided other contractual requirements, such as member eligibility and benefit maximums, are observed. If your request is denied, the service is not covered, and you will receive a notice with the reasons for denial.

If you do not request prior approval for a service, the benefit for that service will be denied on the basis that you did not request prior approval.

Upon receiving an Explanation of Benefits (EOB) indicating a denial of benefits for failure to request prior approval, you will have the opportunity to appeal (see the Appeals section) and provide us with medical information for our consideration in determining whether the services were medically necessary and a benefit under your medical benefits. Upon review, if we determine the service was medically necessary and a benefit under your medical benefits, the benefit for that service will be provided according to the terms of your medical benefits.

Approved services are eligible for benefits for a limited time. Approval is based on the medical benefits in effect and the information we had as of the approval date. If your coverage changes for any reason (for example, because of a new job or new medical benefits), an approval may not be valid. If your coverage changes before the approved service is performed, a new approval is recommended.

Concurrent Review

Purpose

Concurrent review is a utilization review conducted during a member’s facility stay or course of treatment at home or in a facility setting to determine whether the place or level of service is medically necessary. This care coordination program occurs without any notification required from you.

Applies to

For a complete list of the services subject to concurrent review, visit Wellmark.com or call the Customer Service number on your ID card.

Person Responsible

Wellmark
Notification Requirements and Care Coordination

**Process**
Wellmark may review your case to determine whether your current level of care is medically necessary.

Responses to Wellmark's concurrent review requests must include supporting clinical information to determine medical necessity as a condition of your coverage.

**Importance**
Wellmark may require a change in the level or place of service in order to continue providing benefits. If we determine that your current facility setting or level of care is no longer medically necessary, we will notify you, your attending physician, and the facility or agency at least 24 hours before your benefits for these services end.

**Case Management**

**Purpose**
Case management is a process of considering alternative treatments for members with severe illnesses or injuries that require costly, long-term care. Depending on the individual circumstances, a hospital may not be the most appropriate setting for treatment.

**Applies to**
Examples where case management might be appropriate include but are not limited to:
- Brain or Spinal Cord Injuries
- Cystic Fibrosis
- Degenerative Muscle Disorders
- Hemophilia
- Home Health Services
- Pregnancy (high risk)
- Transplants

**Person Responsible**
You, your physician, and the health care facility can work with Wellmark’s case managers to identify and arrange alternative treatment plans to meet special needs. Wellmark may initiate a request for case management.

**Process**
Wellmark’s case managers try to identify alternative settings or treatment plans, provided costs do not exceed those of an inpatient facility. A benefit program is tailored to the circumstances of the case.

Even if a service is not covered or is subject to a specific limitation, Wellmark may waive exclusions or limitations with the agreement of its medical director.

If your current level or setting of care is no longer medically necessary, you, your attending physician, and the facility or agency will be notified at least 24 hours before benefits end.

**Importance**
Case management provides an opportunity to receive alternative benefits to meet special needs. Wellmark may recommend a different treatment plan that preserves coverage.
### Prior Authorization of Drugs

**Purpose**
Prior authorization allows us to verify that a prescription drug is part of a specific treatment plan and is medically necessary.

In some cases prior authorization may also allow a drug that is normally excluded to be covered if it is part of a specific treatment plan and medically necessary.

**Applies to**
Prior authorization is required for a number of particular drugs. Visit Wellmark.com or check with your pharmacist or practitioner to determine whether prior authorization applies to a drug that has been prescribed for you.

**Person Responsible**
You are responsible for prior authorization.

**Process**
Ask your practitioner to call us with the necessary information. If your practitioner has not provided the prior authorization information, participating pharmacists usually ask for it, which may delay filling your prescription. To avoid delays, encourage your provider to complete the prior authorization process before filling your prescription. Nonparticipating pharmacists will fill a prescription without prior authorization but you will be responsible for paying the charge.

Wellmark will respond to a prior authorization request within:
- 72 hours in a medically urgent situation.
- 15 days in a non-medically urgent situation.

Calls received after 4:00 p.m. are considered the next business day.

**Importance**
If you purchase a drug that requires prior authorization but do not obtain prior authorization, you are responsible for paying the entire amount charged.

### Exception Process for Noncovered Drugs

**Purpose**
The exception process may allow a drug that is not normally covered to be covered if it meets Wellmark’s medical exception criteria.

**Applies to**
Drugs not listed on the Wellmark Blue Rx Complete Drug List.

**Process**
There are two exception processes depending upon whether a noncovered drug has already been purchased or not.

- If you have not already purchased the noncovered drug:
  - You may call the Customer Service number on your ID card; or
  - You may access the Member Initiated Exception Request Form for Noncovered Pharmaceuticals on our website at Wellmark.com; or
  - You or your practitioner may follow the prior authorization process described earlier in this section.

- If you have already purchased the noncovered drug, you will need to see your practitioner for details on the medical exception process.
| Importance | If you purchase a drug that is not covered, you are responsible for paying the entire amount charged. |
7. Factors Affecting What You Pay

How much you pay for covered services is affected by many different factors discussed in this section.

**Blue Advantage**

**Benefit Year**
A benefit year is the same as a calendar year. It begins on the effective date of the agreement between Wellmark Health Plan of Iowa, Inc., and your employer or group sponsor and starts over each January 1. Your benefit year continues even if your employer or group sponsor changes Wellmark group health plan benefits during the year.

If you change coverage and your Wellmark identification number is changed, a new benefit year will start under the new ID number for the rest of the calendar year. In this case, the benefit year would be less than a full year.

If you are an inpatient in a covered facility on the date of your annual benefit year renewal, your benefit limitations and payment obligations, including your out-of-pocket maximum, for facility services will renew and will be based on the benefit limitations and payment obligation amounts in effect on the date you were admitted. However, your payment obligations, including your out-of-pocket maximum, for practitioner services will be based on the payment obligation amounts in effect on the day you receive services.

The benefit year is important for calculating:
- Coinsurance.
- Out-of-pocket maximum.
- Benefit maximum.

**How Coinsurance is Calculated**
The amount on which coinsurance is calculated depends on the state where you receive a covered service and the contracting status of the provider.

**Wellmark Health Plan Network and Nonparticipating Providers**
Coinsurance is calculated using the payment arrangement amount after the following amounts (if applicable) are subtracted from it:
- Amounts representing any general exclusions and conditions. See General Conditions of Coverage, Exclusions, and Limitations, page 29.

**Nonparticipating Facility Services**
For services received at nonparticipating facilities, coinsurance is calculated using the amount charged after the following applicable amounts are subtracted from it:
- Amounts representing any general exclusions and conditions. See General Conditions of Coverage, Exclusions, and Limitations, page 29.

**BlueCard Providers Outside the Wellmark Health Plan Network**
If you receive care from a nonparticipating provider out-of-area, you are eligible for benefits only in cases of an emergency, accidental injury, or in certain situations, a referral.

The coinsurance for covered services is calculated on the lower of:
- The amount charged for the covered service, or
- The negotiated price that the Host Blue makes available to Wellmark after the following amounts (if applicable) are subtracted from it:
  - Amounts representing any general exclusions and conditions. See
Often, the negotiated price will be a simple discount that reflects an actual price the local Host Blue paid to your provider. Sometimes, the negotiated price is an estimated price that takes into account special arrangements with your healthcare provider or provider group that may include types of settlements, incentive payments, and/or other credits or charges. Occasionally, the negotiated price may be an average price based on a discount that results in expected average savings for similar types of healthcare providers after taking into account the same types of transactions as with an estimated price. Estimated pricing and average pricing, going forward, also take into account adjustments to correct for over- or under-estimation of modifications of past pricing for the types of transaction modifications noted previously. However, such adjustments will not affect the price we use for your claim because they will not be applied retroactively to claims already paid.

Occasionally, claims for services you receive from a provider that participates with a Blue Cross and/or Blue Shield Plan outside of Iowa or South Dakota may need to be processed by Wellmark instead of by the BlueCard Program. In that case, coinsurance is calculated using the amount charged for covered services after the following amounts (if applicable) are subtracted from it:

- Amounts representing any general exclusions and conditions. See General Conditions of Coverage, Exclusions, and Limitations, page 29.

Laws in a small number of states may require the Host Blue Plan to add a surcharge to your calculation. If any state laws mandate other liability calculation methods, including a surcharge, Wellmark will calculate your payment obligation for any covered services according to applicable law. For more information, see BlueCard Program, page 36.

**Network Providers**

Wellmark has a contracting relationship with these providers. When you receive services from a Network provider:

- You are eligible for benefits when care is received from your primary care provider. There may be exceptions to this rule for specific services. If so, these are described in the section Details – Services Covered and Not Covered.

- The Network payment obligation amounts may be waived for certain covered services. See Waived Payment Obligations, page 6.

There may be certain exceptions to these rules. Any exceptions are described in What You Pay.

**Nonparticipating Providers**

Wellmark and Blue Cross and/or Blue Shield Plans do not have contracting relationships with nonparticipating providers, and they may not accept our payment arrangements. Pharmacies are considered nonparticipating providers. Therefore, when you receive services from nonparticipating providers:

- You are not eligible for benefits. There may be exceptions to this rule for specific services. If so, these are described in the section Details – Services Covered and Not Covered.

- You are responsible for any difference between the amount charged and the maximum allowable fee for a covered service when the maximum allowable fee is less than the practitioner’s charge.

- Wellmark does not make claim payments directly to these providers. You are responsible for ensuring that your provider is paid in full.

- The health plan payment for nonparticipating hospitals, M.D.s, and D.O.s in Iowa is made payable to the provider, but the check is sent to you.
You are responsible for forwarding the check to the provider (plus any billed balance you may owe).

**Amount Charged and Maximum Allowable Fee**

**Amount Charged**
The amount charged is the amount a provider charges for a service or supply, regardless of whether the services or supplies are covered under your medical benefits.

**Maximum Allowable Fee**
The maximum allowable fee is the amount, established by Wellmark, using various methodologies, for covered services and supplies. Wellmark’s amount paid may be based on the lesser of the amount charged for a covered service or supply or the maximum allowable fee.

**Payment Arrangements**

**Payment Arrangement Savings**
Wellmark has contracting relationships with Network providers. We use different methods to determine payment arrangements, including negotiated fees. These payment arrangements usually result in savings.

The savings from payment arrangements and other important amounts will appear on your Explanation of Benefits statement as follows:

- **Network Savings**, which reflects the amount you save on a claim by receiving services from a participating or Network provider. For the majority of services, the savings reflects the actual amount you saved on a claim. However, depending on many factors, the amount we pay a provider could be different from the covered charge. Regardless of the amount we pay a participating or Network provider, your payment responsibility will always be based on the lesser of the covered charge or the maximum allowable fee.
- **Amount Not Covered**, which reflects the portion of provider charges not covered under your health benefits and for which you are responsible. This amount may include services or supplies not covered; amounts in excess of a benefit maximum, benefit year maximum, or lifetime benefits maximum; reductions or denials for failure to follow a required precertification; and the difference between the amount charged and the maximum allowable fee for services from a nonparticipating provider. For general exclusions and examples of benefit limitations, see *General Conditions of Coverage, Exclusions, and Limitations*, page 29.
- **Amount Paid by Health Plan**, which reflects our payment responsibility to a provider or to you. We determine this amount by subtracting the following amounts (if applicable) from the amount charged:
  - Coinsurance.
  - Copayment.
  - Amounts representing any general exclusions and conditions.
  - Network savings.

**Payment Method for Services**
Provider payment arrangements are calculated using industry methods, including but not limited to fee schedules, per diems, percentage of charge, capitation, or episodes of care. Some provider payment arrangements may include an amount payable to the provider based on the provider’s performance. Performance-based amounts that are not distributed are not allocated to your specific group or to your specific claims and are not considered when determining any amounts you may owe. We reserve the right to change the methodology we use to calculate payment arrangements based on industry practice or business need. Network providers agree to accept our payment arrangements as full settlement for providing covered services, except to the extent of any amounts you may owe.
Factors Affecting What You Pay

Capitation
Payment to healthcare providers for certain services is made according to a uniform amount per patient as determined by Wellmark Health Plan of Iowa, Inc.

Pharmacy Benefits Manager Fees and Drug Company Rebates
Wellmark contracts with a pharmacy benefits manager to provide pharmacy benefits management services to its accounts, such as your group. Your group is to pay a monthly fee for such services.

Drug manufacturers offer rebates to pharmacy benefits managers. After your group has had Wellmark prescription drug coverage for at least nine months, the pharmacy benefits manager contracting with Wellmark will calculate, on a quarterly basis, your group’s use of drugs for which rebates have been paid. Wellmark receives these rebates. Your group will be credited with rebate amounts forwarded to us by the pharmacy benefits manager unless your group’s arrangement with us requires us to reduce such rebated amounts by the amount of any fees we paid to the pharmacy benefits manager for the services rendered to your group. We will not distribute these rebate amounts to you, and rebates will not be considered when determining your payment obligations.

Blue Rx Complete

Benefit Year
A benefit year is the same as a calendar year. It begins on the effective date of the agreement between Wellmark Health Plan of Iowa, Inc., and your employer or group sponsor and starts over each January 1.

Wellmark Blue Rx Complete Drug List
Often there is more than one medication available to treat the same medical condition. The Wellmark Blue Rx Complete Drug List ("Drug List") contains drugs physicians recognize as medically effective for a wide range of health conditions.

The Drug List is maintained with the assistance of practicing physicians, pharmacists, and Wellmark’s pharmacy department.

To determine if a drug is covered, you or your physician must consult the Drug List. If a drug is not on the Drug List, it is not covered.

If you need help determining if a particular drug is on the Drug List, ask your physician or pharmacist, visit our website, Wellmark.com, or call the Customer Service number on your ID card.

Although only drugs listed on the Drug List are covered, physicians are not limited to prescribing only the drugs on the list. Physicians may prescribe any medication, but only medications on the Drug List are covered. Please note: A medication on the Drug List will not be covered if the drug is specifically excluded under your Blue Rx Complete prescription drug benefits, or other limitations apply.

If a drug is not on the Wellmark Blue Rx Complete Drug List and you believe it should be covered, refer to Exception Process for Noncovered Drugs, page 43.

The Wellmark Blue Rx Complete Drug List is subject to change.

Tiers
The Wellmark Blue Rx Complete Drug List also identifies which tier a drug is on:

Tier 1. Most generic drugs and some brand-name drugs that have no generic equivalent. Tier 1 drugs have the lowest payment obligation.

Tier 2. Drugs appear on this tier because they either have no generic equivalent or are considered less cost-effective than Tier 1 drugs. Tier 2 drugs have a higher payment obligation than Tier 1 drugs.
**Tier 3.** Drugs appear on this tier because they are less cost-effective than Tier 1 or Tier 2 drugs. Tier 3 drugs have a higher payment obligation than Tier 1 or Tier 2 drugs.

**Tier 4.** Drugs available as combination products, lifestyle drugs, or drugs with more cost-effective options available on Tiers 1, 2, or 3. Tier 4 drugs have the same payment obligation as Tier 3 drugs.

**Generic and Brand Name Drugs**

Sometimes, a patent holder of a brand name drug grants a license to another manufacturer to produce the drug under a generic name, though it remains subject to patent protection and has a nearly identical price. In these cases, Wellmark’s pharmacy benefits manager may treat the licensed product as a brand name drug, rather than generic, and will calculate your payment obligation accordingly.

**Generic Drug**

Generic drug refers to an FDA-approved “A”-rated generic drug. This is a drug with active therapeutic ingredients chemically identical to its brand name drug counterpart.

**Brand Name Drug**

Brand name drug is a prescription drug patented by the original manufacturer. Usually, after the patent expires, other manufacturers may make FDA-approved generic copies.

**Quantity Limitations**

Most prescription drugs are limited to a maximum quantity you may receive in a single prescription.

Federal regulations limit the quantity that may be dispensed for certain medications. If your prescription is so regulated, it may not be available in the amount prescribed by your physician.

In addition, coverage for certain drugs is limited to specific quantities per month, benefit year, or lifetime. Amounts in excess of quantity limitations are not covered.

For a list of drugs with quantity limits, check with your pharmacist or physician or consult the Wellmark Blue Rx Complete Drug List at Wellmark.com, or call the Customer Service number on your ID card.

**Amount Charged and Maximum Allowable Fee**

**Amount Charged**

The retail price charged by a pharmacy for a covered prescription drug.

**Maximum Allowable Fee**

The amount, established by Wellmark using various methodologies and data (such as the average wholesale price), payable for covered drugs.

The maximum allowable fee may be less than the amount charged for the drug.

**Participating vs. Nonparticipating Pharmacies**

Prescription drugs are generally only covered when purchased from participating pharmacies. Purchases from nonparticipating pharmacies are covered only in emergency situations. If you purchase drugs from nonparticipating pharmacies and it is not an emergency situation, you are responsible for the cost of the drug.

If, in an emergency situation, you purchase a covered prescription drug at a nonparticipating pharmacy, you are responsible for the amount charged for the drug at the time you fill your prescription. Once you submit a claim, you will be reimbursed up to the maximum allowable fee of the drug, less your copayment or coinsurance. The maximum allowable fee may be less than the amount you paid. In other words, you are responsible for any difference in cost between what the pharmacy charges you for the drug and our reimbursement amount.
Your payment obligation for the purchase of a covered prescription drug at a participating pharmacy is the lesser of your copayment or coinsurance, the maximum allowable fee, or the amount charged for the drug.

To determine if a pharmacy is participating, ask the pharmacist, consult the Blue Rx directory of participating pharmacies, visit our website at Wellmark.com, or call the Customer Service number on your ID card. Our Blue Rx directory also is available upon request by calling the Customer Service number on your ID card.

**Special Programs**

We evaluate and monitor changes in the pharmaceutical industry in order to determine clinically effective and cost-effective coverage options. These evaluations may prompt us to offer programs that encourage the use of reasonable alternatives. For example, we may, at our discretion, temporarily waive your payment obligation on a qualifying prescription drug purchase.

Visit our website at Wellmark.com or call us to determine whether your prescription qualifies.

**Savings and Rebates**

**Payment Arrangements**

The benefits manager of this prescription drug program has established payment arrangements with participating pharmacies that may result in savings.

**Pharmacy Benefits Manager Fees and Drug Company Rebates**

Wellmark contracts with a pharmacy benefits manager to provide pharmacy benefits management services to its accounts, such as your group. Your group is to pay a monthly fee for such services.

Drug manufacturers offer rebates to pharmacy benefits managers. After your group has had Wellmark prescription drug coverage for at least nine months, the pharmacy benefits manager contracting with Wellmark will calculate, on a quarterly basis, your group’s use of drugs for which rebates have been paid. Wellmark receives these rebates. Your group will be credited with rebate amounts forwarded to us by the pharmacy benefits manager unless your group’s arrangement with us requires us to reduce such rebated amounts by the amount of any fees we paid to the pharmacy benefits manager for the services rendered to your group. We will not distribute these rebate amounts to you, and rebates will not be considered when determining your payment obligations.
8. Coverage Eligibility and Effective Date

Eligible Members
You are eligible for coverage if you meet your employer’s or group sponsor’s eligibility requirements. Also eligible for coverage is an eligible member’s spouse or domestic partner.

A child is eligible under the plan member’s coverage if the child has any of the following relationships to the plan member or an enrolled spouse or domestic partner:

- A natural child.
- Legally adopted or placed for adoption (that is, you assume a legal obligation to provide full or partial support and intend to adopt the child).
- A child for whom you have legal guardianship.
- A stepchild.
- A foster child.
- A natural child a court orders to be covered.

Please note: You must notify us or your employer or group sponsor if you enter into an arrangement to provide surrogate parent services: Contact your employer or group sponsor or call the Customer Service number on your ID card.

In addition, a child must be one of the following:

- Under age 26.
- An unmarried full-time student over the age of 26 enrolled in an accredited educational institution. Full-time student status continues during:
  - Regularly-scheduled school vacations; and
  - Medically necessary leaves of absence until the earlier of one year from the first day of leave or the date coverage would otherwise end.
- An unmarried child over the age of 26 who is totally and permanently disabled, physically or mentally. The disability must have existed before the child turned age 26, or while the child was a full-time student. In addition, the child must have had creditable coverage without a break of 63 days or more since turning age 26 or since becoming a full-time student.

When Plan Member and Spouse Are Both Eligible Employees
When a husband and wife are both employed by the State, they must enroll under the same family coverage. Employees cannot be covered as both an employee and a dependent under the State’s health plans.

Please note: In addition to the preceding requirements, eligibility is affected by coverage enrollment events and coverage termination events. See Coverage Change Events, page 55.

Enrollment Requirements
Permanent or probationary employees who work 20 or more hours per week are eligible to apply:

- within 30 calendar days of the date of hire; or
- at the annual change period.

Promise Program
Promise Program employees, as established by Executive Order Number 27, may enroll in single or family coverage within 30 calendar days of expiration of their Medicaid benefits.

Program Selection/Program Movement
Rules on program selection and program movement are detailed in your Employer’s Procedures Manual and Collective Bargaining Agreements.
When Coverage Begins
Coverage begins on the member’s effective date.

Your coverage under this group health plan begins on your effective date, which is the first of the month following 30 days of active employment. Please note: The month of February is considered a 30-day period.

Any employee or former employee defined as eligible by the State of Iowa, whether actively at work or not, is accepted by the group health plan during an approved enrollment and change period.

This benefit booklet supersedes any other contractual language regarding the member’s effective date, benefits available, eligibility, or payment for inpatient hospital, nursing facility, practitioner, or other inpatient charges for State of Iowa group members.

Services received before the effective date of coverage are not eligible for benefits.

Late Enrollees
A late enrollee is a member who declines coverage when initially eligible to enroll and then later wishes to enroll for coverage. However, a member is not a late enrollee if a qualifying enrollment event allows enrollment as a special enrollee, even if the enrollment event coincides with a late enrollment opportunity. See Coverage Change Events, page 55.

A late enrollee may enroll for coverage at the group’s next renewal or enrollment period.

Changes to Information Related to You or to Your Benefits
Wellmark may, from time to time, permit changes to information relating to you or to your benefits. In such situations, Wellmark shall not be required to reprocess claims as a result of any such changes.

Qualified Medical Child Support Order
If you have a dependent child and you or your spouse’s employer or group sponsor receives a Medical Child Support Order recognizing the child’s right to enroll in this group health plan or in your spouse’s benefits plan, the employer or group sponsor will promptly notify you or your spouse and the dependent that the order has been received. The employer or group sponsor also will inform you or your spouse and the dependent of its procedures for determining whether the order is a Qualified Medical Child Support Order (QMCSO). Participants and beneficiaries can obtain, without charge, a copy of such procedures from the plan administrator.

A QMCSO specifies information such as:
- Your name and last known mailing address.
- The name and mailing address of the dependent specified in the court order.
- A reasonable description of the type of coverage to be provided to the dependent or the manner in which the type of coverage will be determined.
- The period to which the order applies.

A Qualified Medical Child Support Order cannot require that a benefits plan provide any type or form of benefit or option not otherwise provided under the plan, except as necessary to meet requirements of Iowa Code Chapter 252E (2001) or Social Security Act Section 1908 with respect to group health plans.

The order and the notice given by the employer or group sponsor will provide additional information, including actions that you and the appropriate insurer must take to determine the dependent’s eligibility and procedures for enrollment in the benefits plan, which must be done within specified time limits.

If eligible, the dependent will have the same coverage as you or your spouse and will be allowed to enroll immediately. You or your
spouse’s employer or group sponsor will withhold any applicable share of the dependent’s health care premiums from your compensation and forward this amount to us.

If you are subject to a waiting period that expires more than 90 days after the insurer receives the QMCSO, your employer or group sponsor must notify us when you become eligible for enrollment. Enrollment of the dependent will commence after you have satisfied the waiting period.

The dependent may designate another person, such as a custodial parent or legal guardian, to receive copies of explanations of benefits, checks, and other materials.

Your employer or group sponsor may not revoke enrollment or eliminate coverage for a dependent unless the employer or group sponsor receives satisfactory written evidence that:

- The court or administrative order requiring coverage in a group health plan is no longer in effect;
- The dependent’s eligibility for or enrollment in a comparable benefits plan that takes effect on or before the date the dependent’s enrollment in this group health plan terminates; or
- The employer eliminates dependent health coverage for all employees.

The employer or group sponsor is not required to maintain the dependent’s coverage if:

- You or your spouse no longer pay premiums because the employer or group sponsor no longer owes compensation; or
- You or your spouse have terminated employment with the employer and have not elected to continue coverage.

**Family and Medical Leave Act of 1993**

The Family and Medical Leave Act of 1993 (FMLA), requires a covered employer to allow an employee with 12 months of service who has worked for 1,250 hours over the previous 12 months and who is employed at a worksite where 50 or more employees are employed by the employer within 75 miles of that worksite a total of 12 weeks of leave per fiscal year for the birth of a child, placement of a child with the employee for adoption or foster care, care for the spouse, child or parent of the employee if the individual has a serious health condition or because of a serious health condition, the employee is unable to perform any one of the essential functions of the employee’s regular position. In addition, FMLA requires an employer to allow eligible employees to take up to 12 weeks of leave per 12-month period for qualifying exigencies arising out of a covered family member’s active military duty in support of a contingency operation and to take up to 26 weeks of leave during a single 12-month period to care for a covered family member recovering from a serious illness or injury incurred in the line of duty during active service.

Any employee taking a leave under the FMLA shall be entitled to continue the employee’s benefits during the duration of the leave. The employer must continue the benefits at the level and under the conditions of coverage that would have been provided if the employee had remained employed. **Please note:** The employee is still responsible for paying their share of the premium if applicable. If the employee for any reason fails to return from the leave, the employer may recover from the employee that premium or portion of the premium that the employer paid, provided the employee fails to return to work for any reason other than the reoccurrence of the serious health condition or circumstances beyond the control of the employee.

Leave taken under the FMLA does not constitute a qualifying event so as to trigger COBRA rights. However, a qualifying event triggering COBRA coverage may occur when it becomes known that the employee is not returning to work. Therefore, if an employee
does not return at the end of the approved period of Family and Medical Leave and terminates employment with employer, the COBRA qualifying event occurs at that time.

If you have any questions regarding your eligibility or obligations under the FMLA, contact your employer or group sponsor.
9. Coverage Changes and Termination

Certain events may require or allow you to add or remove persons who are covered by this group health plan.

Coverage Change Events

Coverage Enrollment Events: Review the Department of Administrative Services’ benefits website (http://benefits.iowa.gov) for a list of events that allow changes to your health insurance enrollment.

Requirement to Notify Group Sponsor

You must notify your employer or group sponsor of an event that changes the coverage status of members.

Birth of a Child. A newborn will be added to the existing family health contract when information becomes available from any valid source that the birth has occurred (e.g., hospital or professional claims submission or an enrollment form). The effective date of enrollment will be the date of birth.

If a single contract is in effect at the time of the birth of a biological child, the employee must submit an application form to change to a family contract within 60 days of the date of the birth. The effective date of the family contract will be the first day of the month in which the biological child was born. Appropriate employee deductions for payment of the family contract must be paid retroactively to reflect the change to a family contract.

If the single contract holder does not submit the application for family coverage within 60 days of the birth of the biological child, benefit payments will not be made retroactive to the date of birth.

Adoption, Legal Custody, or Legal Guardianship. The following provisions apply for adoptions or obtaining legal custody or legal guardianship:

If a newborn child is adopted within 30 days of birth or has been placed in your home for the purposes of adoption within 30 days of birth, the effective date of coverage can be:

- the first of the month, in which the child was born; or
- the first of the month following the child’s birth.

If you adopt a child or a child is placed in your home for the purposes of adoption more than 30 days after the child’s date of birth, the effective date of coverage will be the first of the month in which the adoption or placement for adoption occurs. If you obtain legal custody or legal guardianship of a child more than 30 days after the child’s date of birth, the effective date of coverage will also be the first of the month in which the legal action occurs.

Your application for coverage must be signed within 60 days of the event to add the new child to the existing family contract or allow a single contract to be changed to a family contract.

Legal documentation must accompany the application to add the new child indicating:

- employee name and social security number;
- date of birth of the child; and
- date awarded physical custody.

If custody is lost, it is the employee’s responsibility to immediately notify their human resources associate or personnel assistant.

Medicaid or the Children’s Health Insurance Program. Notify your employer or group sponsor within 60 days in case of the following events:

- You lose eligibility for coverage under Medicaid or the Children’s Health Insurance Program (CHIP) (the hawk-i plan in Iowa).
You become eligible for premium assistance under Medicaid or CHIP.

**All Other Events.** For all other events, you must notify your employer or group sponsor within 30 days of the event.

If you do not provide timely notification of an event that requires you to remove an affected family member, your coverage may be terminated.

If you do not provide timely notification of a coverage enrollment event, the affected person may not enroll until an annual group enrollment period.

**Coverage Termination**
The following events terminate your coverage eligibility.

- You become unemployed when your eligibility is based on employment.
- You become ineligible under your employer’s or group sponsor’s eligibility requirements for reasons other than unemployment.
- Your employer or group sponsor discontinues or replaces this group health plan.
- We terminate coverage of all similar group health plans by written notice to your employer or group sponsor 90 days prior to termination.
- The number of individuals covered under this group health plan falls below the number or percentage of eligible individuals required to be covered.
- Your employer sends a written request to terminate coverage.
- You unreasonably refuse to follow a prescribed course of treatment.
- You leave the Wellmark Health Plan Network service area for more than a four-month period (except full-time college students).

Also see *Fraud or Intentional Misrepresentation of Material Facts*, and *Nonpayment* later in this section.

When you become unemployed and your eligibility is based on employment, your coverage will end at the end of the month your employment ends. When your coverage terminates for all other reasons, check with your employer or group sponsor or call the Customer Service number on your ID card to verify the coverage termination date.

If you receive covered facility services as an inpatient of a hospital or a resident of a nursing facility on the date your coverage eligibility terminates, payment for the covered facility services will end on the earliest of the following:

- The end of your remaining days of coverage under this benefits plan.
- The date you are discharged from the hospital or nursing facility following termination of your coverage eligibility.
- A period not more than 60 days from the date of termination.

Only facility services will be covered under this extension of benefits provision. Benefits for professional services will end on the date of termination of your coverage eligibility.

**Fraud or Intentional Misrepresentation of Material Facts**
Your coverage will terminate immediately if:

- You use this group health plan fraudulently or intentionally misrepresent a material fact in your application; or
- Your employer or group sponsor commits fraud or intentionally misrepresents a material fact under the terms of this group health plan.

If your coverage is terminated for fraud or intentional misrepresentation of a material fact, then:

- We may declare this group health plan void retroactively from the effective date of coverage following a 30-day written notice. In this case, we will recover any claim payments made.
- Premiums may be retroactively adjusted as if the fraud or intentionally misrepresented material fact had been accurately disclosed in your application.
- We will retain legal rights, including the right to bring a civil action.

**Nonpayment**
Your coverage will terminate immediately if you or your employer or group sponsor fails to make required payments to us when due.

**Coverage Continuation**
When your coverage ends, you may be eligible to continue coverage under this group health plan or to convert to another Wellmark health benefits plan pursuant to certain state and federal laws.

**COBRA Continuation**
The federal Consolidated Omnibus Budget Reconciliation Act (COBRA) applies to most non-governmental employers with 20 or more employees. Generally, COBRA entitles you and eligible dependents to continue coverage if it is lost due to a qualifying event, such as employment termination, divorce, or loss of dependent status. You and your eligible dependents will be required to pay for continuation coverage. Other federal or state laws similar to COBRA may apply if COBRA does not. Your employer or group sponsor is required to provide you with additional information on continuation coverage if a qualifying event occurs.

**Continuation for Public Group**
Iowa Code Sections 509A.7 and 509A.13 may apply if you are an employee of the State. Iowa Code Section 509A.13A may apply to the surviving spouse of a retired State employee. These laws may entitle you to continue participation in this medical benefits plan when you retire.
10. Claims

Once you receive medical services or purchase prescription drugs from a nonparticipating pharmacy we must receive a claim to determine the amount of your benefits. The claim lets us know the services or prescription drugs you received, when you received them, and from which provider.

When to File a Claim
You need to file a claim if you:

- Use a provider who does not file claims for you. Wellmark Health Plan Network providers file claims for you.
- Purchase prescription drugs from a nonparticipating pharmacy. (Remember, these purchases are only covered in emergency situations.)
- Purchase prescription drugs from a participating pharmacy but do not present your ID card.
- Pay in full for a drug that you believe should have been covered.

Your submission of a prescription to a participating pharmacy is not a filed claim and therefore is not subject to appeal procedures as described in the Appeals section. However, you may file a claim with us for a prescription drug purchase you think should have been a covered benefit.

Wellmark must receive claims within 365 days following the date of service of the claim. Effective January 1, 2015, Wellmark must receive claims within 180 days following the date of service of the claim.

How to File a Claim
All claims must be submitted in writing.

1. Get a Claim Form
Forms are available at Wellmark.com or by calling the Customer Service number on your ID card or from your personnel department.

2. Fill Out the Claim Form
Follow the same claim filing procedure regardless of where you received services. Directions are printed on the back of the claim form. Complete all sections of the claim form. For more efficient processing, all claims (including those completed out-of-country) should be written in English.

If you need assistance completing the claim form, call the Customer Service number on your ID card.

Medical Claim Form. Follow these steps to complete a medical claim form:

- Use a separate claim form for each covered family member and each provider.
- Attach a copy of an itemized statement prepared by your provider. We cannot accept statements you prepare, cash register receipts, receipt of payment notices, or balance due notices. In order for a claim request to qualify for processing, the itemized statement must be on the provider’s stationery, and include at least the following:
  - Identification of provider: full name, address, tax or license ID numbers, and provider numbers.
  - Patient information: first and last name, date of birth, gender, relationship to plan member, and daytime phone number.
  - Date(s) of service.
  - Charge for each service.
  - Place of service (office, hospital, etc).
  - For injury or illness: date and diagnosis.
  - For inpatient claims: admission date, patient status, attending physician ID.
  - Days or units of service.
  - Revenue, diagnosis, and procedure codes.
— Description of each service.

**Prescription Drugs Covered Under Your Medical Benefits Claim Form.**

For prescription drugs covered under your medical benefits (not covered under your Blue Rx Complete prescription drug benefits), use a separate prescription drug claim form and include the following information:

- Pharmacy name and address.
- Patient information: first and last name, date of birth, gender, and relationship to plan member.
- Date(s) of service.
- Description and quantity of drug.
- Original pharmacy receipt or cash receipt with the pharmacist’s signature on it.

**Blue Rx Complete Prescription Drug Claim Form.** For prescription drugs covered under your Blue Rx Complete prescription drug benefits, complete the following steps:

- Use a separate claim form for each covered family member and each pharmacy.
- Complete all sections of the claim form. Include your daytime telephone number.
- Submit up to three prescriptions for the same family member and the same pharmacy on a single claim form. Use additional claim forms for claims that exceed three prescriptions or if the prescriptions are for more than one family member or pharmacy.
- Attach receipts to the back of the claim form in the space provided.

3. **Sign the Claim Form**

4. **Submit the Claim**

   We recommend you retain a copy for your records. The original form you send or any attachments sent with the form cannot be returned to you.

**Medical Claims and Claims for Drugs Covered Under Your Medical Benefits.** Send the claim to:

Wellmark Health Plan of Iowa, Inc.
Station 1E238
P.O. Box 9291
Des Moines, IA 50306-9291

**Medical Claims for Services Received Outside the United States.** Send the claim to:

BlueCard Worldwide Service Center
P.O. Box 261630
Miami, FL 33126

**Blue Rx Complete Prescription Drug Claims.** Send the claim to:

Catamaran Claims Department
P.O. Box 368022
Schaumburg, IL 60196-8022

We may require additional information from you or your provider before a claim can be considered complete and ready for processing.

**Notification of Decision**

We will send an Explanation of Benefits (EOB) following your claim. The EOB is a statement outlining how we applied benefits to a submitted claim. It details amounts that providers charged, network savings, our paid amounts, and amounts for which you are responsible.

In case of an adverse decision, the notice will be sent within 30 days of receipt of the claim. We may extend this time by up to 15 days if the claim determination is delayed for reasons beyond our control. If we do not send an explanation of benefits statement or a notice of extension within the 30-day period, you have the right to begin an appeal. We will notify you of the circumstances requiring an extension and the date by which we expect to render a decision.

If an extension is necessary because we require additional information from you,
the notice will describe the specific information needed. You have 45 days from receipt of the notice to provide the information. Without complete information, your claim will be denied.

If you have other insurance coverage, our processing of your claim may utilize coordination of benefits guidelines. See *Coordination of Benefits*, page 63.

Once we pay your claim, whether our payment is sent to you or to your provider, our obligation to pay benefits for the claim is discharged. However, we may adjust a claim due to overpayment or underpayment for up to 18 months after we first process the claim. In the case of nonparticipating hospitals, M.D.s, and D.O.s located in Iowa, the health plan payment is made payable to the provider, but the check is sent to you. You are responsible for forwarding the check to the provider, plus any difference between the amount charged and our payment.
11. Coordination of Benefits

Coordination of benefits applies when you have more than one insurance policy or group health plan that provides the same or similar benefits as this plan. Benefits payable under this plan, when combined with those paid under your other coverage, will not be more than 100 percent of either our payment arrangement amount or the other plan’s payment arrangement amount.

The method we use to calculate the payment arrangement amount may be different from your other plan’s method.

In some instances, our claim payment amount is based on a uniform payment per patient of a primary care provider, called **capitation**. When you receive services payable by capitation and your other carrier has primary payment responsibility for covered services:

- We are not responsible for payment to your health care provider beyond the applicable capitation amount; and
- You are not responsible for copayment amounts that would apply if coverage under this medical benefits plan were the primary coverage.

**Other Coverage**

When you receive services, you must inform us that you have other coverage, and inform your health care provider about your other coverage. Other coverage includes any of the following:

- Group and nongroup insurance contracts and subscriber contracts.
- HMO contracts.
- Uninsured arrangements of group or group-type coverage.
- Group and nongroup coverage through closed panel plans.
- Group-type contracts.
- The medical care components of long-term contracts, such as skilled nursing care.
- Medicare or other governmental benefits (not including Medicaid).
- The medical benefits coverage of your auto insurance (whether issued on a fault or no-fault basis).

Coverage that is not subject to coordination of benefits includes the following:

- Hospital indemnity coverage or other fixed indemnity coverage.
- Accident-only coverage.
- Specified disease or specified accident coverage.
- Limited benefit health coverage, as defined by Iowa law.
- School accident-type coverage.
- Benefits for non-medical components of long-term care policies.
- Medicare supplement policies.
- Medicaid policies.
- Coverage under other governmental plans, unless permitted by law.

You must cooperate with Wellmark and provide requested information about other coverage. Failure to provide information can result in a denied claim. We may get the facts we need from or give them to other organizations or persons for the purpose of applying the following rules and determining the benefits payable under this plan and other plans covering you. We need not tell, or get the consent of, any person to do this.

Your Wellmark Health Plan Network provider will forward your coverage information to us. If you have a non-Network provider, you are responsible for informing us about your other coverage.

**Coordination with Group MedicareBlue Rx**

If you are a member of the Retired/Disabled group and you are enrolled in the Group MedicareBlue Rx prescription drug plan, the
benefits of your Group MedicareBlue Rx prescription drug plan are primary for prescription drugs purchased at the pharmacy; although the benefits of your Group MedicareBlue Rx prescription drug plan are primary, you will continue to pay the copayment or coinsurance you have always paid under your State of Iowa prescription drug plan.

The benefits of your Group MedicareBlue Rx prescription drug plan are primary for prescription drugs purchased at the pharmacy and you should present your Group MedicareBlue Rx ID card to the pharmacy as the primary payer. The benefits of your Blue Rx Complete prescription drug plan are secondary for prescription drugs purchased at the pharmacy and you should present your Blue Rx Complete ID card to the pharmacy as the secondary payer. You will be required to pay the same copayment or coinsurance amounts that would otherwise apply if you did not have Group MedicareBlue Rx.

**Claim Filing**

If you know that your other coverage has primary responsibility for payment, after you receive services or obtain a covered prescription drug, a claim should be submitted to your other insurance carrier first. If that claim is processed with an unpaid balance for benefits eligible under this group health plan, you or your provider should submit a claim to us and attach the other carrier’s explanation of benefit payment. We may contact your provider or the other carrier for further information.

**Rules of Coordination**

We follow certain rules to determine which health plan or coverage pays first (as the primary plan) when other coverage provides the same or similar benefits as this group health plan. Here are some of those rules:

- The primary plan pays or provides benefits according to its terms of coverage and without regard to the benefits under any other plan. Except as provided below, a plan that does not contain a coordination of benefits provision that is consistent with applicable regulations is always primary unless the provisions of both plans state that the complying plan is primary.

- Coverage that is obtained by membership in a group and is designed to supplement a part of a basic package of benefits is excess to any other parts of the plan provided by the contract holder. (Examples of such supplementary coverage are major medical coverage that is superimposed over base plan hospital and surgical benefits and insurance-type coverage written in connection with a closed panel plan to provide out-of-network benefits.)

The following rules are to be applied in order. The first rule that applies to your situation is used to determine the primary plan.

- The coverage that you have as an employee, plan member, subscriber, policyholder, or retiree pays before coverage that you have as a spouse or dependent. However, if the person is a Medicare beneficiary and, as a result of federal law, Medicare is secondary to the plan covering the person as a dependent and primary to the plan covering the person as other than a dependent (e.g., a retired employee), then the order of benefits between the two plans is reversed, so that the plan covering the person as the employee, plan member, subscriber, policyholder or retiree is the secondary plan and the other plan is the primary plan.

- The coverage that you have as the result of active employment (not laid off or retired) pays before coverage that you have as a laid-off or retired employee. The same would be true if a person is a dependent of an active employee and that same person is a dependent of a retired or laid-off employee. If the other plan does not have this rule and, as a
result, the plans do not agree on the order of benefits, this rule is ignored.

- If a person whose coverage is provided pursuant to COBRA or under a right of continuation provided by state or other federal law is covered under another plan, the plan covering the person as an employee, plan member, subscriber, policyholder or retiree or covering the person as a dependent of an employee, member, subscriber or retiree is the primary plan and the COBRA or state or other federal continuation coverage is the secondary plan. If the other plan does not have this rule and, as a result, the plans do not agree on the order of benefits, this rule is ignored.

- The coverage with the earliest continuous effective date pays first if none of the rules above apply.

- Notwithstanding the preceding rules, when you present your Blue Rx Complete ID card to a pharmacy as the primary payer, your Blue Rx Complete prescription drug benefits are primary for prescription drugs purchased at the pharmacy. If, under the preceding rules, your Blue Rx Complete prescription drug benefits are secondary and you present your Blue Rx Complete ID card to a pharmacy as the secondary payer, your Blue Rx Complete prescription drug benefits are secondary for prescription drugs purchased at the pharmacy.

- If the preceding rules do not determine the order of benefits, the benefits payable will be shared equally between the plans. In addition, this plan will not pay more than it would have paid had it been the primary plan.

**Dependent Children**

To coordinate benefits for a dependent child, the following rules apply (unless there is a court decree stating otherwise):

- If the child is covered by both parents who are married (and not separated) or who are living together, whether or not they have been married, then the coverage of the parent whose birthday occurs first in a calendar year pays first. If both parents have the same birthday, the plan that has covered the parent the longest is the primary plan.

- For a child covered by separated or divorced parents or parents who are not living together, whether or not they have been married:
  - If a court decree states that one of the parents is responsible for the child’s health care expenses or coverage and the plan of that parent has actual knowledge of those terms, then that parent’s coverage pays first. If the parent with responsibility has no health care coverage for the dependent child’s health care expenses, but that parent’s spouse does, that parent’s spouse’s coverage pays first. This item does not apply with respect to any plan year during which benefits are paid or provided before the entity has actual knowledge of the court decree provision.
  - If a court decree states that both parents are responsible for the child’s health care expense or health care coverage or if a court decree states that the parents have joint custody without specifying that one parent has responsibility for the health care expenses or coverage of the dependent child, then the coverage of the parent whose birthday occurs first in a calendar year pays first. If both parents have the same birthday, the plan that has covered the parent the longest is the primary plan.
  - If a court decree does not specify which parent has financial or insurance responsibility, then the coverage of the parent with custody pays first. The payment order for the child is as follows: custodial parent, spouse of custodial parent, other parent, spouse of other parent.
custodial parent is the parent awarded custody by a court decree or, in the absence of a court decree, is the parent with whom the child resides more than one-half of the calendar year excluding any temporary visitation.

If none of these rules apply to your situation, we will follow the Iowa Insurance Division’s Coordination of Benefits guidelines to determine this health plan payment.

Effects on the Benefits of this Plan
In determining the amount to be paid for any claim, the secondary plan will calculate the benefits it would have paid in the absence of other coverage and apply the calculated amount to any allowable expense under its plan that is unpaid by the primary plan. The secondary plan may then reduce its payment by the amount so that, when combined with the amount paid by the primary plan, total benefits paid or provided by all plans for the claim do not exceed the total allowable expense for that claim. In addition, the secondary plan will credit to its applicable deductible any amounts it would have credited to its deductible in the absence of other coverage.

Right of Recovery
If the amount of payments made by us is more than we should have paid under these coordination of benefits provisions, we may recover the excess from any of the persons to or for whom we paid, or from any other person or organization that may be responsible for the benefits or services provided for the covered person. The amount of payments made includes the reasonable cash value of any benefits provided in the form of services.

Coordination with Medicare
For medical claims only, Medicare is by law the secondary coverage to group health plans in a variety of situations. The following provisions apply only if you have both Medicare and employer group health coverage under this medical benefits plan and your employer has the required minimum number of employees.

However, if you are eligible for Medicare either as a retiree or a spouse of a retiree or because of your or your spouse’s disability status, your benefits under this medical benefits plan will be coordinated with benefits available under Medicare Part B, even if you or your spouse are not enrolled in Medicare Part B.

If you are no longer actively working, Medicare will be primary. Therefore, any member enrolled in Medicare Part A should also consider enrolling in Part B, as Retiree benefits under this plan will be reduced by the amount that would have been covered by Medicare Part B.

Medicare’s Payment vs. This Plan’s Payment
Medicare’s allowed amount for a service may be different than our allowed amount (our allowed amount is also referred to as our “maximum allowable fee”) for that same service. When Medicare is primary, and Medicare’s allowed amount for a service is greater than our allowed amount for that same service, we will reimburse up to our allowed amount for the service. You may be responsible for any difference between Medicare’s allowed amount and our allowed amount.

Working Aged
Medicare is the secondary payer if the beneficiary is:

- Age 65 or older; and
- A current employee or spouse of a current employee covered by an employer group health plan.

Working Disabled
Medicare is the secondary payer if the beneficiary is:

- Under age 65;
- A recipient of Medicare disability benefits; and
- A current employee or a spouse or dependent of a current employee, covered by an employer group health plan.

**End-Stage Renal Disease (ESRD)**

Under ESRD requirements, Medicare is the secondary payer during the first 30 months of Medicare coverage if both of the following are true:

- The beneficiary has Medicare coverage as an ESRD patient; and
- The beneficiary is covered by an employer group health plan.

If the beneficiary is already covered by Medicare due to age or disability and the beneficiary becomes eligible for Medicare ESRD coverage, Medicare generally is the secondary payer during the first 30 months of ESRD eligibility. However, if the group health plan is secondary to Medicare (based on other Medicare secondary-payer requirements) at the time the beneficiary becomes covered for ESRD, the group health plan remains secondary to Medicare.

This is only a general summary of the laws, which may change from time to time. For more information, contact your employer or the Social Security Administration.
12. Appeals

Right of Appeal
You have the right to one full and fair review in the case of an adverse benefit determination that denies, reduces, or terminates benefits, or fails to provide payment in whole or in part. Adverse benefit determinations include a denied or reduced claim or an adverse benefit determination concerning a pre-service notification requirement. Pre-service notification requirements are:

- A precertification request.
- A notification of admission or services.
- A prior approval request.
- A prior authorization request for prescription drugs.

How to Request an Internal Appeal
You or your authorized representative, if you have designated one, may appeal an adverse benefit determination within 180 days from the date you are notified of our adverse benefit determination by submitting a written appeal. Appeal forms are available at our website, Wellmark.com. See Authorized Representative, page 73.

Medically Urgent Appeal
To appeal an adverse benefit determination involving a medically urgent situation, you may request an expedited appeal, either orally or in writing. Medically urgent generally means a situation in which your health may be in serious jeopardy or, in the opinion of your physician, you may experience severe pain that cannot be adequately controlled while you wait for a decision.

Non-Medically Urgent Appeal
To appeal an adverse benefit determination that is not medically urgent, you must make your request for a review in writing.

What to Include in Your Internal Appeal
You must submit all relevant information with your appeal, including the reason for your appeal. This includes written comments, documents, or other information in support of your appeal. You must also submit:

- Date of your request.
- Your name (please type or print), address, and if applicable, the name and address of your authorized representative.
- Member identification number.
- Claim number from your Explanation of Benefits, if applicable.
- Date of service in question.

For a prescription drug appeal, you also must submit:

- Name and phone number of the pharmacy.
- Name and phone number of the practitioner who wrote the prescription.
- A copy of the prescription.
- A brief description of your medical reason for needing the prescription.

If you have difficulty obtaining this information, ask your provider or pharmacist to assist you.

Where to Send Internal Appeal
Wellmark Health Plan of Iowa, Inc.
Special Inquiries
P.O. Box 9232, Station 5W189
Des Moines, IA 50306-9232

Review of Internal Appeal
Your request for an internal appeal will be reviewed only once. The review will take into account all information regarding the adverse benefit determination whether or
not the information was presented or available at the initial determination. Upon request, and free of charge, you will be provided reasonable access to and copies of all relevant records used in making the initial determination.

The review will not be conducted by the original decision makers or any of their subordinates. The review will be conducted without regard to the original decision. If a decision requires medical judgment, we will consult an appropriate medical expert who was not previously involved in the original decision and who has no conflict of interest in making the decision. If we deny your appeal, in whole or in part, you may request, in writing, the identity of the medical expert we consulted.

**Decision on Internal Appeal**
The decision on appeal is the final internal determination. Once a decision on internal appeal is reached, your right to internal appeal is exhausted.

**Medically Urgent Appeal**
For a medically urgent appeal, you will be notified (by telephone, e-mail, fax or another prompt method) of our decision as soon as possible, based on the medical situation, but no later than 72 hours after your expedited appeal request is received. If the decision is adverse, a written notification will be sent.

**All Other Appeals**
For all other appeals, you will be notified in writing of our decision. Most appeal requests will be determined within 30 days and all appeal requests will be determined within 60 days.

**External Review**
You have the right to request an external review of a final adverse determination involving a covered service when the determination involved:

- Medical necessity.
- Appropriateness of services or supplies, including health care setting, level of care, or effectiveness of treatment.
- Investigational or experimental services or supplies.
- Concurrent review or admission to a facility. See Notification Requirements and Care Coordination, page 39.

An adverse determination eligible for external review does not include a denial of coverage for a service or treatment specifically excluded under this plan.

The external review will be conducted by independent health care professionals who have no association with us and who have no conflict of interest with respect to the benefit determination.

**Have you exhausted the appeal process?** Before you can request an external review, you must first exhaust the internal appeal process described earlier in this section. However, if you have not received a decision regarding the adverse benefit determination within 30 days following the date of your request for an appeal, you are considered to have exhausted the internal appeal process.

**Requesting an external review.** You or your authorized representative may request an external review through the Iowa Insurance Division by completing an External Review Request Form and submitting the form as described in this section. You may obtain this request form by calling the Customer Service number on your ID card, by visiting our website at Wellmark.com, by contacting the Iowa Insurance Division, or by visiting the Iowa Insurance Division’s website at www.iid.state.ia.us.

You will be required to authorize the release of any medical records that may be required to be reviewed for the purpose of reaching a decision on your request for external review.

Requests must be filed in writing at the following address, no later than four months
after you receive notice of the final adverse benefit determination:

Iowa Insurance Division
Two Ruan Center
601 Locust, 4th Floor
Des Moines, IA 50309-3738
Fax: 515-281-3059
E-mail:
iid.marketregulation@iid.iowa.gov

**How the review works.** Upon notification that an external review request has been filed, Wellmark will make a preliminary review of the request to determine whether the request may proceed to external review. Following that review, the Iowa Insurance Division will decide whether your request is eligible for an external review, and if it is, the Iowa Insurance Division will assign an independent review organization (IRO) to conduct the external review. You will be advised of the name of the IRO and will then have five business days to provide new information to the IRO. The IRO will make a decision within 45 days of the date the Iowa Insurance Division receives your request for an external review.

**Need help?** You may contact the Iowa Insurance Division at 877-955-1212 at any time for assistance with the external review process.

**Expedited External Review**
You do not need to exhaust the internal appeal process to request an external review of an adverse determination or a final adverse determination if you have a medical condition for which the time frame for completing an internal appeal or for completing a standard external review would seriously jeopardize your life or health or would jeopardize your ability to regain maximum function.

You may also have the right to request an expedited external review of a final adverse determination that concerns an admission, availability of care, concurrent review, or service for which you received emergency services, and you have not been discharged from a facility.

If our adverse benefit determination is that the service or treatment is experimental or investigational and your treating physician has certified in writing that delaying the service or treatment would render it significantly less effective, you may also have the right to request an expedited external review.

You or your authorized representative may submit an oral or written expedited external review request to the Iowa Insurance Division by contacting the Iowa Insurance Division at 877-955-1212.

If the Insurance Division determines the request is eligible for an expedited external review, the Division will immediately assign an IRO to conduct the review and a decision will be made expeditiously, but in no event more than 72 hours after the IRO receives the request for an expedited external review.

**Legal Action**
You shall not start legal action against us until you have exhausted the appeal procedure described in this section.

Contract
The conditions of your coverage are defined in your contract. Your contract includes:

- Any application you submitted to us or to your employer or group sponsor.
- Any agreement or group policy we have with your employer or group sponsor.
- Any application completed by your employer or group sponsor.
- This benefit booklet and any riders or amendments.

All of the statements made by you or your employer or group sponsor in any of these materials will be treated by us as representations, not warranties.

Interpreting this Benefit Booklet
We will interpret the provisions of this benefit booklet and determine the answer to all questions that arise under it. We have the administrative discretion to determine whether you meet our written eligibility requirements, or to interpret any other term in this benefit booklet. If any benefit described in this benefit booklet is subject to a determination of medical necessity, unless otherwise required by law, we will make that factual determination. Our interpretations and determinations are final and conclusive.

There are certain rules you must follow in order for us to properly administer your benefits. Different rules appear in different sections of your benefit booklet. You should become familiar with the entire document.

Authority to Terminate, Amend, or Modify
Your employer or group sponsor has the authority to terminate, amend, or modify the coverage described in this benefit booklet at any time. Any amendment or modification will be in writing and will be as binding as this benefit booklet. If your contract is terminated, you may not receive benefits.

Authorized Group Benefits
Plan Changes
No agent, employee, or representative of ours is authorized to vary, add to, change, modify, waive, or alter any of the provisions described in this benefit booklet. This benefit booklet cannot be changed except by one of the following:

- Written amendment signed by an authorized officer and accepted by you or your employer or group sponsor.
- Our receipt of proper notification that an event has changed your spouse or dependent’s eligibility for coverage. See Coverage Changes and Termination, page 55.

Member Participation
You will be provided regular communication regarding matters such as wellness, general health education, and matters of policy and operation of Wellmark Health Plan of Iowa, Inc.

Authorized Representative
You may authorize another person to represent you and with whom you want us to communicate regarding specific claims or an appeal. This authorization must be in writing, signed by you, and include all the information required in our Authorized Representative Form. This form is available at Wellmark.com or by calling the Customer Service number on your ID card.

In a medically urgent situation your treating health care practitioner may act as your authorized representative without completion of the Authorized Representative Form.

An assignment of benefits, release of information, or other similar form that you
may sign at the request of your health care provider does not make your provider an authorized representative. You may authorize only one person as your representative at a time. You may revoke the authorized representative at any time.

**Release of Information**

You have agreed in your application (or in documents kept by us or your employer or group sponsor) to release any necessary information requested about you so we can process claims for benefits.

You must allow any provider, facility, or their employee to give us information about a treatment or condition. If we do not receive the information requested, or if you withhold information in your application, your benefits may be denied. If you fraudulently use your coverage or misrepresent or conceal material facts in your application, then we may terminate your coverage under this group health plan.

**Privacy of Information**

Your employer or group sponsor is required to protect the privacy of your health information. It is required to request, use, or disclose your health information only as permitted or required by law. For example, your employer or group sponsor has contracted with Wellmark to administer this group health plan and Wellmark will use or disclose your health information for treatment, payment, and health care operations according to the standards and specifications of the federal privacy regulations.

**Treatment**

We may disclose your health information to a physician or other health care provider in order for such health care provider to provide treatment to you.

**Payment**

We may use and disclose your health information to pay for covered services from physicians, hospitals, and other providers, to determine your eligibility for benefits, to coordinate benefits, to determine medical necessity, to obtain payment from your employer or group sponsor, to issue explanations of benefits to the person enrolled in the group health plan in which you participate, and the like. We may disclose your health information to a health care provider or entity subject to the federal privacy rules so they can obtain payment or engage in these payment activities.

**Health Care Operations**

We may use and disclose your health information in connection with health care operations. Health care operations include, but are not limited to, determining payment and rates for your group health plan; quality assessment and improvement activities; reviewing the competence or qualifications of health care practitioners, evaluating provider performance, conducting training programs, accreditation, certification, licensing, or credentialing activities; medical review, legal services, and auditing, including fraud and abuse detection and compliance; business planning and development; and business management and general administrative activities.

**Other Disclosures**

Your employer or group sponsor or Wellmark is required to obtain your explicit authorization for any use or disclosure of your health information that is not permitted or required by law. For example, we may release claim payment information to a friend or family member to act on your behalf during a hospitalization if you submit an authorization to release information to that person.

**Member Health Support Services**

Wellmark may from time to time make available to you certain health support services (such as disease management), for a fee or for no fee. Wellmark may offer financial and other incentives to you to use such services. As a part of the provision of these services, Wellmark may:
Use your personal health information (including, but not limited to, substance abuse, mental health, and HIV/AIDS information); and

Disclose such information to your health care providers and Wellmark’s health support service vendors, for purposes of providing such services to you.

Wellmark will use and disclose information according to the terms of our Privacy Practices Notice, which is available upon request or at Wellmark.com.

Value Added or Innovative Benefits
Wellmark may, from time to time, make available to you certain value added or innovative benefits for a fee or for no fee. Examples include discounts on alternative/preventive therapies, fitness, exercise and diet assistance, and elective procedures as well as resources to help you make more informed health decisions.

Value-Based Programs
Value-based programs involve local health care organizations that are held accountable for the quality and cost of care delivered to a defined population. Value-based programs can include accountable care organizations (ACOs), patient centered medical homes (PCMHs), and other programs developed by Wellmark, Blue Cross Blue Shield Association, or other Blue Cross Blue Shield health plans (“Blue Plans”). Wellmark and Blue Plans have entered into collaborative arrangements with value-based programs under which the health care providers participating in them are eligible for financial incentives relating to quality and cost-effective care of Wellmark members. Your claims information may be used by the value-based program and any providers involved in such value-based program.

Nonassignment
Benefits for covered services under this group health plan are for your personal benefit and cannot be transferred or assigned to anyone else without our consent. You are prohibited from assigning any claim or cause of action arising out of or relating to this group health plan. Any attempt to assign this group health plan or rights to payment will be void.

Governing Law
To the extent not superseded by the laws of the United States, the group health plan will be construed in accordance with and governed by the laws of the state of Iowa. Any action brought because of a claim under this plan will be litigated in the state or federal courts located in the state of Iowa and in no other.

Legal Action
You shall not start any legal action against us unless you have exhausted the applicable appeal process and the external review process described in the Appeals section.

You shall not bring any legal or equitable action against us because of a claim under this group health plan, or because of the alleged breach of this plan, more than two years after the end of the calendar year in which the services or supplies were provided.

Medicaid Enrollment and Payments to Medicaid

Assignment of Rights
This group health plan will provide payment of benefits for covered services to you, your beneficiary, or any other person who has been legally assigned the right to receive such benefits pursuant to Title XIX of the Social Security Act (Medicaid).

Enrollment Without Regard to Medicaid
Your receipt or eligibility for benefits under Medicaid will not affect your enrollment as a participant or beneficiary of this group health plan, nor will it affect our determination of benefits.
Acquisition by States of Rights of Third Parties
If payment has been made by Medicaid and Wellmark has a legal obligation to provide benefits for those services, Wellmark will make payment of those benefits in accordance with any state law under which a state acquires the right to such payments.

Medicaid Reimbursement
When a Network provider submits a claim to a state Medicaid program for a covered service and Wellmark reimburses the state Medicaid program for the service, Wellmark’s total payment for the service will be limited to the amount paid to the state Medicaid program. No additional payments will be made to the provider or to you.

Subrogation

Right of Subrogation
If you or your legal representative have a claim to recover money from a third party and this claim relates to an illness or injury for which this group health plan provides benefits, we, on behalf of your employer or group sponsor, will be subrogated to you and your legal representative’s rights to recover from the third party as a condition to your receipt of benefits.

Right of Reimbursement
If you are injured as a result of the act of a third party and you or your legal representative files a claim under this group health plan, as a condition of receipt of benefits, you or your legal representative must reimburse us for all benefits paid for the injury from money received from the third party or its insurer, to the extent of the amount paid by this group health plan on the claim.

Once you receive benefits under this group health plan arising from an illness or injury, we will assume any legal rights you have to collect compensation, damages, or any other payment related to the illness or injury from any of the following:

- The responsible person or that person’s insurer.
- Uninsured motorist coverage.
- Underinsured motorist coverage.
- Other insurance coverage, including but not limited to homeowner’s, motor vehicle, or medical payments insurance.

You agree to recognize our rights under this group health plan to subrogation and reimbursement. These rights provide us with a priority over any money paid by a third party to you relative to the amount paid by this group health plan, including priority over any claim for non-medical charges, or other costs and expenses. We will assume all rights of recovery, to the extent of payment made under this group health plan, regardless of whether payment is made before or after settlement of a third party claim, and regardless of whether you have received full or complete compensation for an illness or injury.

Procedures for Subrogation and Reimbursement
You or your legal representative must do whatever we request with respect to the exercise of our subrogation and reimbursement rights, and you agree to do nothing to prejudice those rights. In addition, at the time of making a claim for benefits, you or your legal representative must inform us in writing if you were injured by a third party. You or your legal representative must provide the following information, by registered mail, within seven (7) days of such injury to us as a condition to receipt of benefits:

- The name, address, and telephone number of the third party that in any way caused the injury, and of the attorney representing the third party;
- The name, address and telephone number of the third party’s insurer and any insurer of you;
- The name, address and telephone number of your attorney with respect to the third party’s act;
General Provisions

- Prior to the meeting, the date, time and location of any meeting between the third party or his attorney and you, or your attorney;
- All terms of any settlement offer made by the third party or his insurer or your insurer;
- All information discovered by you or your attorney concerning the insurance coverage of the third party;
- The amount and location of any money that is recovered by you from the third party or his insurer or your insurer, and the date that the money was received;
- Prior to settlement, all information related to any oral or written settlement agreement between you and the third party or his insurer or your insurer;
- All information regarding any legal action that has been brought on your behalf against the third party or his insurer; and
- All other information requested by us.

Send this information to:

Wellmark Health Plan of Iowa, Inc.
1331 Grand Avenue, Station 5E151
Des Moines, IA 50309-2901

You also agree to all of the following:

- You will immediately let us know about any potential claims or rights of recovery related to the illness or injury.
- You will furnish any information and assistance that we determine we will need to enforce our rights under this group health plan.
- You will do nothing to prejudice our rights and interests including, but not limited to, signing any release or waiver (or otherwise releasing) our rights, without obtaining our written permission.
- You will not compromise, settle, surrender, or release any claim or right of recovery described above, without obtaining our written permission.
- If payment is received from the other party or parties, you must reimburse us to the extent of benefit payments made under this group health plan.
- In the event you or your attorney receive any funds in compensation for your illness or injury, you or your attorney will hold those funds (up to and including the amount of benefits paid under this group health plan in connection with the illness or injury) in trust for the benefit of this group health plan as trustee(s) for us until the extent of our right to reimbursement or subrogation has been resolved.
- In the event you invoke your rights of recovery against a third-party related to the illness or injury, you will not seek an advancement of costs or fees from us.
- The amount of our subrogation interest shall be paid first from any funds recovered on your behalf from any source, without regard to whether you have been made whole or fully compensated for your losses, and the “make whole” rule is specifically rejected and inapplicable under this group health plan.
- We will not be liable for payment of any share of attorneys’ fees or other expenses incurred in obtaining any recovery, except as expressly agreed in writing, and the “common fund” rule is specifically rejected and inapplicable under this group health plan.

It is further agreed that in the event that you fail to take the necessary legal action to recover from the responsible party, we shall have the option to do so and may proceed in its name or your name against the responsible party and shall be entitled to the recovery of the amount of benefits paid under this group health plan and shall be entitled to recover its expenses, including reasonable attorney fees and costs, incurred for such recovery.

In the event we deem it necessary to institute legal action against you if you fail to repay us as required in this group health plan, you shall be liable for the amount of
such payments made by us as well as all of our costs of collection, including reasonable attorney fees and costs.

You hereby authorize the deduction of any excess benefit received or benefits that should not have been paid, from any present or future compensation payments.

You and your covered family member(s) must notify us if you have the potential right to receive payment from someone else. You must cooperate with us to ensure that our rights to subrogation are protected.

Our right of subrogation and reimbursement under this group health plan applies to all rights of recovery, and not only to your right to compensation for medical expenses. A settlement or judgment structured in any manner not to include medical expenses, or an action brought by you or on your behalf which fails to state a claim for recovery of medical expenses, shall not defeat our rights of subrogation and reimbursement if there is any recovery on your claim.

We reserve the right to offset any amounts owed to us against any future claim payments.

**Workers’ Compensation**

If you have received benefits under this benefits plan for an injury or condition that is the subject or basis of a workers’ compensation claim (whether litigated or not), we are entitled to reimbursement to the extent of benefits paid under this plan from your employer, your employer’s workers’ compensation carrier, or you in the event that your claim is accepted or adjudged to be covered under workers’ compensation.

Furthermore, we are entitled to reimbursement from you to the full extent of benefits paid out of any proceeds you receive from any workers’ compensation claim, regardless of whether you have been made whole or fully compensated for your losses, regardless of whether the proceeds represent a compromise or disputed settlement, and regardless of any characterization of the settlement proceeds by the parties to the settlement. We will not be liable for any attorney’s fees or other expenses incurred in obtaining any proceeds for any workers’ compensation claim.

We utilize industry standard methods to identify claims that may be work-related. This may result in initial payment of some claims that are work-related. We reserve the right to seek reimbursement of any such claim or to waive reimbursement of any claim, at our discretion.

**Payment in Error**

If for any reason we make payment in error, we may recover the amount we paid.

If a specific address has not been provided elsewhere in this benefit booklet, you may send any notice to Wellmark’s home office:

This right will not act as a cure for misleading or deceptive advertising or marketing methods, nor may it be exercised if the member utilizes the services of the HMO within the 10-day period. Members in cafeteria plans must adhere to the plan.
