RE: Case No. 102467 – State of Iowa/AFSCME Iowa Council 61

Dear Nathan:

The Board has entered an order certifying AFSCME Iowa Council as the representative of the previously determined bargaining unit. The Order of Certification must be posted by the employer in conspicuous places customarily used for the posting of information to the affected employees, including at a minimum, all locations where earlier notices in this matter have been posted. Additionally, if the employer typically distributes the information in another matter, such as by email or paper copies, the same must be done in this instance.

The posting should continue until December 4, 2020. The employer should produce a sufficient number of copies to accomplish the required posting.

Thank you for your assistance and prompt attention to the aforementioned posting. If you have any questions, please do not hesitate to contact me

Sincerely,

Susan M. Bolte
