I. Introductions and Designate Note taker
Management to lead meeting, Union takes notes.

II. Review Notes from April Meeting
Previous notes from last meeting were reviewed and approved for publication.

III. New Business
A. Joe Czerniak shared a power point presentation which detailed the construction and design of the new Children’s Hospital. This addition to UIHC is nearing completion. A great deal of care has been taken with the layout and furnishings of the new structure, resulting in an environment families can intuitively navigate.

Following the presentation, Joe led the group on a tour of the facility. Examples of several types of patient rooms (pediatric ICU and neonatal, etc.) have been constructed for display and to allow for design feedback from the medical team.

B. Management topic of a recommended process for requesting AFSCME stewards remains on the table, as we ran out of time.

Next meeting—Friday July 22, 2:00-3:00 PM at Melrose Conference Rm #3
